- Leadership Styles
- Problem Solving Strategies
- Counseling Services (including stress management, mindfulness, personal wellness, course offerings and extracurricular activities, and visits from the Red Devils Ambassadors)

COURSE DESCRIPTION

This course will help students develop an understanding of their personal learning styles and explore study skills and work habits that work with their learning style. Students will also explore various technology tools that can be used to help organize tasks and manage their workload. Personal organization skills are essential for success in high school, college and careers. In addition to skills development, students will have the opportunity to complete assignments for current courses in a supervised environment.
