Patricia Pillon
Supervisor

Date: August 2016

Reminder for Parents/Guardians:

The New Jersey Department of Health and Senior Services has mandated that children born after January 1, 1997 and entering grade six will be required to receive a booster dose of Tdap (Tetanus, diphtheria, acellular pertussis) vaccine, given no earlier than the 10th birthday. They are also required to receive one dose of Meningococcal vaccine after their 11th birthday.

Students must provide documentation of these two immunizations before starting 6th grade. The state is not allowing a grace period. Please send this form or an updated immunization record to the Health Office. **Students turning 11 years old after this date, return ASAP after their birthday.**

You can contact me at (609) 397-3179 x401 with any questions.

Thank you for your cooperation in this matter.

Sincerely,

Pat Klemchalk, RN.

Student _____

The above named student has received:

1. Tdap booster on _____
month, day, year
2. Meningococcal vaccine on _____
month, day, year
