"Whatever It Takes."

February 24, 2020

South Tattnall Middle School Parents,

I am truly excited about serving as principal of South Tattnall Middle School. As a former Tattnall County Educator and parent of a Tattnall County High School graduate, the opportunity to further serve our children is one that I take with the utmost respect and humility. I plan to make the transition as seamless as possible, for I am simply joining in on a journey that is well underway to the great successes that await our Warriors.

Please continue to reference our website for South Tattnall Middle School academic and extra-curricular updates. The Georgia Milestones End of Grade assessments are fast approaching, and it is indeed a collaborative effort to prepare our students to reach the heights of achievement, updates are forthcoming.

Our school contact information is also readily available, and we welcome you. I thank you for the opportunity to impact your child in their pursuit of the endless opportunities that the world presents for them. Together we will ensure that our students "Finish **ST**rong"!

Sincerely,

Mrs. Lakisha R. Bobbitt, Ed. S
Principal, South Tattnall Middle School
