"Whatever It Takes."

April 20, 2020

Dear Parent,

Your family is in our constant thoughts, as educators we hope to return your child to a sense of normalcy as soon as possible. We have taken steps to ensure your child's academic record was not negatively impacted by our school closure. We have also provided online resources throughout our closure and are now extending the opportunity in a printed format for your convenience. The assignments provided represent a review of the curriculum in the areas of Math, English, Science, and Social Studies. Your child does not need to return the instructional packet to his or her teacher unless an administrator has specifically reached out to you. Thank you for all you are doing to allow us to provide educational resources during a time of both challenge and change. It is our greatest hope that all is well with you and your family!

Dear Student,

As I previously stated, the most important thing is that you and your family are doing well. We all miss seeing you in the building and we cannot wait to see you once again! We have provided you with assignments from your content classes. The assignments are review material and you should be able to complete them on your own. You may send an e-mail or use Remind 101 to message your teachers if you have questions on the completion of your work.

I have been in constant reflection on our short time together. We were off to a great start and as I stated from the first day I met you...I need you to **Finish STRong!**

Sincerely,

Mrs. Lakisha R. Bobbitt

Mrs. Bobbitt, Ed. S

Principal
