

Soundtrack Of My Life

Listening to music can bring back memories and transport us back to important times in our lives. A song might remind you of your childhood, an old friend, a family event or a significant time in your life. What music do you most connect to? What songs bring back memories?

Create a Soundtrack

Create a playlist of 8-10 songs that best represents you, your personality and your unique experiences. Include the title of the song and the name of the artist on your soundtrack.

For each song you choose, please write 3-4 sentences to explain why you picked the song.

- What was it about the song that appealed to you?
- What line or lines in the song really represent you and your life?
- What themes or ideas in the song remind you of your unique life and unique experiences?
- Why did you pick this song to represent your life?
- What time in your life does this song best connect to?

Playlist Cover Art

Create a decorative cover for your playlist. Keep in mind the mood and feeling of your playlist and use symbols and colors that best represent you, your life and the music you picked.

Why not make a real playlist and listen to it while you are creating your soundtrack art?
