

## Mother's Day Card Lesson

Ms. Angeletti

**Materials:** Older Siblings are welcome to join in! A surprise for Mom!

White Computer Paper - (must color in shapes)

Construction Paper - (no need to color in shapes)

Pencil

Crayons, Colored Pencils, Markers

Scissor

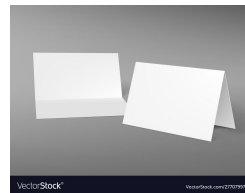

Glue Stick or Glue

## **Process:**

If using white paper you will need to 'color in' the shapes before cutting out and glueing down.

### **Creating the Flower Pot:**

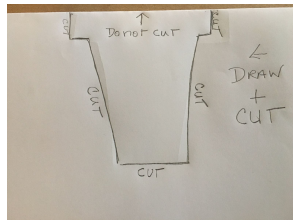

1. Fold over a sheet of paper in half.

## Mother's Day Card Lesson:

2. Draw the shape of the flower pot with the top of the flower

pot placed on the fold of the paper.

3. **Cut out** the flower pot-be sure you can flip it open. Set aside.

4. Creating the flowers:

5. Draw **three green stems** for the flowers. Be sure that they

are wide enough to **cut out**.

## Mother's Day Card Lesson:

6. Draw three different color tulips - note shape below then **cut out**.

7. Select another sheet of construction paper (background) and glue down the flower pot (be sure that you can flip open the pot)

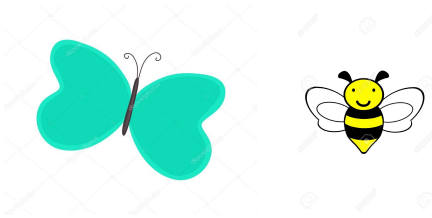

8. Now construct the flowers - first glue down stems.
9. Next, glue down the three tulips on the tops of each of the stems.
10. Flip open the flower pot and write a special Mother's Day

Message inside.

## Mother's Day Card Lesson:

11. On the construction paper background sheet decorate with "Happy Mother's Day" greeting. Can add butterflies, the sun, bumble bees, etc.! Use your imagination to decorate!!!

Message Suggestion:

Dear Mom,

You make home the happiest place to be. I love you mom!  
Happy Mother's Day!

Your name

**Have Fun and be well!!!**

**Ms. Angeletti**
