November 21, 2018

Dear Friends of Aviation High School,

On **Wednesday March 13, 2019** we will hold our annual Career Day! We are reaching out to the friends of Aviation High School to be a part of this vital program. Career Day is a rewarding experience for our students. It exposes them to career opportunities and strategies for career success. Last year was a wonderful success. We had more volunteers attend than ever before!

If you can be a part of this year's event, please notify me by completing our online form at [www.aviationhs.net](http://www.aviationhs.net). You are invited to the school's library for a light breakfast, starting at 8:45 am. Classroom visits will begin at 9:00 am and end at 1:00 pm, with lunch to follow. **Because the school is undergoing a major renovation, there is absolutely no parking.** Public transportation is highly recommended. Upon check-in you will receive your schedule for the day.

I am sure you will see the warmth and enthusiasm of our students. Last year we received an overwhelming amount of positive feedback from students and staff. I am looking forward to having you for another fantastic event.

Sincerely,

Soraya Cuervo-DiGiorgio  
School Counselor/College & Career Advisor

### **Career Day Questionnaire for Guest Speakers**

We ask you all to be mindful of the time and try to stay on topic. The main thrust of your discussion should be the skills and attitudes regarding entrance into your industries.

- 1. How does a person get an entry level job in your field?**
- 2. What abilities and interests are required for an entry level job?**
- 3. What kind of training is needed to prepare for your job and for entry level positions?**
- 4. What school subjects are related to success in this field?**
- 5. What duties are performed and type of work is done, particularly in entry level positions?**
- 6. How do you know you are suited for this industry?**
- 7. What personal qualities are required? What are the physical and psychological demands?**
- 8. What are the attractive qualities of this field?**
- 9. What are the disadvantages of this field?**
- 10. What is the base salary in this field, especially entry level jobs? What are some other positions that this particular job will lead to (management)?**
- 11. What are some other occupations (entry level) that are related to this field?**
