July, 2020

Dear Parent/Guardian:

Your child will be entering or repeating the 6<sup>th</sup> grade in September. All students entering or repeating the sixth grade and are 11 years of age or older, must receive immunizations for T-dap and Varicella. The T-dap must have been given within the last two years to meet this requirement. This has been mandated by the New York State Education Department.

If your child is not 11 years old by the first day of school in September, they are required to have the T-dap when they turn 11.

Uniondale Union Free School District requires that you provide the school nurse with the proper documentation. All documentation provided must be signed and stamped by your health care provider.

If the school does not receive documented proof that your child has received these vaccines, your child’s attendance will be interrupted during the first weeks of school until proof of immunization is received. We want your child to have a smooth transition into middle school.

If you have already submitted documentation for the T-dap, please disregard this letter.

If you have any questions, please call the nurse at (516) 918-1574.

For your convenience, your health care provider can document the immunization below.

Child’s Name \_\_\_\_\_ DOB \_\_\_\_\_  
Date of T-dap vaccine \_\_\_\_\_  
Date of Varicella vaccine \_\_\_\_\_  
Date of 2<sup>nd</sup> Varicella vaccine \_\_\_\_\_  
Date of Varicella disease \_\_\_\_\_

\_\_\_\_\_  
Signature and Stamp of Health Care Provider
