Dear Karen and the Region One Board of Education,

I am writing this letter to you in regards to the possible enrollment of my daughter, Charlotte, into the incoming Second grade class at Sharon Center School for the Fall of 2020. We currently reside in the town of Falls Village, however, I would feel most confident sending Charlotte to attend school at SCS. Being the director of the Sharon Day Care Center and having three previous children of mine attend school at SCS, I have come to know and appreciate many of the teachers and staff that work in the school. I feel that I have become a prominent presence in the community of Sharon as well as in the Sharon Center School itself. Being that the daycare center is located in the lower level of SCS, we are lucky enough to be able to care for a handful of children belonging to the teachers at SCS. I would be elated to see that they could help my Charlotte, grow and learn as well in the years to come. Please let me know if you have any questions regarding this inquiry and any steps I can take to make this possible. Thank you for your time.

Warmly,
Carrie Olsen

Dear Sharon Board of Education,

My name is Megan Van Deusen and I am an employee of the Sharon Day Care. My daughter, Hannah Wheeler, will be starting kindergarten in the Fall of 2020. I would be thrilled if she could attend Sharon Center School. Hannah has been attending the Sharon Day Care since the summer of 2018 and has established many friendships with other children who will be attending Sharon Center School. Thank you in advance for this opportunity.

Sincerely,

Megan K. Van Deusen
