

Special Invitation

The Elementary and Middle School Counselors are excited to offer all 4th grader students the opportunity to “virtually” visit their new school, Yough Intermediate Middle School.

The counselors will be hosting **Zoom sessions beginning May 4 and ending June 4** so you can ask questions, see pictures of your new school, and more in a casual conversation format. So, start thinking of your questions.

We will be inviting students in small groups (12-15 participants) beginning May 1, 2020. Students will receive a Special Invitation email from Dr. Mumau and Mr. Gates. All students in your group will be from the same school, so you'll know many, if not all, of your fellow Zoomers.

This format is certainly not a substitute to the formal visit to the middle school you would have experienced in May. Instead, we are hoping it is an opportunity to reduce your worries about the transition. We hope you'll join us!

Be on the lookout for the **Special Invitation** through your school email. Just in case you forget, we'll also call your grown-ups at home to help you remember.

We look forward to having you participate in our new way of learning about about Yough Intermediate Middle School.

Sincerely,

Mr. Gates, Dr. Mumau, Mr. Iario, and Mrs. Mokay
Yough School District
