

Dear Parents/Guardians,

The members of the **BIG HELP CLUB** have been very productive working together to create ideas for student organized volunteering. These volunteer efforts include local community service projects. The mission of the **BIG HELP CLUB** is to bring awareness to students in the school and community by showing high levels of responsibility, respect, and compassion toward all people.

We are excited to kick off our first community service project while partnering with Toys for Tots. Our students in the **BIG HELP CLUB** are asking for our families to consider donating an unwrapped toy that will go to a child in need. Together as a school and community, we can continue to work to support area programs and give resources to those in need.

The **BIG HELP CLUB** members will place a box outside of every classroom. Students can simply place their unwrapped toy in the box as they enter their classroom. For the classroom that has the highest percentage of donated toys, a reward party will be offered to celebrate the collaboration of community service.

Items can be brought into school starting tomorrow, **Tuesday, November 20, 2018 and ending on Friday, December 14, 2018.**

We greatly appreciate your support and contributions in working with the **BIG HELP CLUB** to bring in unwrapped toys for children in need! If you have any questions, please email me at [broadwatere@youghsd.net](mailto:broadwatere@youghsd.net).

Sincerely,

The Big Help Club
