HOME AND SCHOOL COMMUNICATION AND SUPPORT

Teacher E-Mail Addresses: All teachers at this school have been issued e-mail addresses.

Online Homework Information: A portion of the school website is devoted to homepages.

The following narrative about how this school promotes and supports parental involvement was submitted by this school.

The staff at Booth Hill School are in unanimous agreement that our parents are outstanding in their support of the school and their children's education. Parents are kept informed through monthly newsletters from the principal, individual teachers, and the PTO, website postings by the school and the specific teachers, and the use of our automated telephone calling system. Each and every parent has the opportunity to be an active part of our school day. Parents volunteer daily in the primary grades by running learning centers, playing math games, and working with young readers. Junior Achievement continues to be coordinated and taught in grades 1 - 6 by parents and members of the business community. Other parents support academic goals through their efforts at home, by following tips and directions supplied by teachers in weekly newsletters, websites, and special projects. During American Education Week, parents are invited to come into their child's class to participate in a reading lesson demonstrating specific strategies. This past year, our focus was on non-fiction reading strategies. Additional home school connections occur through PTO social events, the annual academic Share-Fair, Let's Do Lunch, The Annual Readathon, Parent-Child Book Clubs, Student Author Celebrations, Spirit Assemblies, Concerts, and Plays. Parent representation is also an important element of our Tools for Schools program.

EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

The staff and students at Booth Hill School understand that peaceful citizenship in our modern world requires an understanding and an appreciation of diversity. Our strong Character Education program emphasizes the positive attributes of each person's interactions rooted in the care and consideration of others. With monthly themes, messages from both student leaders and teachers, and student recognition events, we seek to build cooperative, responsible citizens who truly understand the concept of exhibiting good character. The Developmental Guidance Curriculum brought to each class by the School Counselor integrates these concepts. To help students gain a deeper knowledge and empathy for people from different backgrounds, the reading and social studies curricula come into play. Stories and historical accounts become learning events through role-playing, debates, and reflective writings. The Media Center is a strong component of this aspect of education through book selections and specific lessons. In addition, the PTO brings speakers and performers to our stage to cultivate understandings of other cultures. Parents share background differences in classroom presentations and students from other countries play an active role in educating their peers. A strong sense of community caring is present and consistently reinforced as students routinely collect goods or funds for those less fortunate. These initiatives include food drives, sneaker collections, sock collections, holiday giving through Adopt-an-Angel, collections for TRIO and FAN, and used- book drives.

SCHOOL IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this school.

With the belief that teacher involvement in the planning, as well as the implementation, of school improvement plans will create the optimum result, our School Improvement Team includes a member of each grade level team as well as special areas and special education. This past year, the focus has been on “growing readers” in the primary grades, through the use of Kathy Collins’s books and a daily focus on DRA skills and profiles. Grades 3-6 reviewed DRA and CMT strengths and weaknesses to hone their emphasis for the year. Looking at Student Work and tracking student performance through data were strategies that were consistently employed throughout the year. In reviewing our testing results from this period of time, our 2010 CMT scores indicated significant growth over this time. Grade 3 and 4 reading scores surged from high 60’s to 83% and 88 % respectively. As a school we celebrated the performance of our exiting sixth graders who scored 95% at goal. We increased the use of technology for academic interventions, by employing Symphony Math, Rosetta Stone for ELL students, and Earobics. Teachers meet regularly with administration to review goals and student data that demonstrates academic progress. This year our plans for improvement include professional development on Marzano’s High Yield Strategies, Reader’s Workshop, and Math Workshop. Walkthroughs will continue to be a major source of data about instruction.

SUPPLEMENTAL SCHOOL INFORMATION

The space below was optionally used by this school to describe aspects of the school not presented elsewhere in the profile.

In addition to the strong emphasis on academics, students at Booth Hill are encouraged to display their talents in the arts. Students participated in the band program beginning in grade 5. Our students have proudly won awards in the district art contests and Fire Prevention Poster Contest. The biannual Talent Show featured over 140 students and was an outstanding creation of songs, skits, and dance. Our concerts, plays, and spirit assemblies are also a venue for students to share their musical and theatrical talents. We applaud student extra-curricular achievements in athletics, citizenship, and the arts as part of our morning message. Student interactions and behavior have been enhanced through the Positive Behavior Support program. Our Student Council continues to be a source of charity and spirit rousing activities for the school. Their activities have included promoting the recycling program, planting trees in the front of the school, conducting a number of charity drives, voting on a school mascot and song, and organizing the ever-favorite “Crazy Hair Day.”
