PARCC is Coming!

If you have a student in grades 3 through 5, you may be aware that PARCC testing is something that your child participates in during this month. PARCC stands for Partnership for Assessment of Readiness for College and Careers and measures student growth from year to year. It does not affect your child's grades or ability to promote to the next grade, but it does help inform our instruction.

We do want our students to perform their best, so the following tips are helpful during the testing cycle:

- Go to bed early and get enough sleep
- Eat a full breakfast
- Encourage your child to do their best each day
- Be at school on time each day of testing
- Do relaxing activities after school to unwind from the stress

Follow these tips to help your child show what they know and have a stress free test!
