Post-Secondary Education Awareness Week

The week of **May 14th-18th** the students will be participating in a week of activities to allow them to start the exploration process of post secondary education and what options are available upon graduation from high school. These options include: trade/vocational education, 2-year and 4-year colleges/universities (as well as advanced degrees), apprenticeships, certificates/licenses and on the job training, and the military.

Highlights of the Week/Month:

*May 3rd – 5th Grade Career Day sponsored by the Westmoreland Community Federal Credit Union
*May 11th – Career Day at Sunrise for K-5
*May 18th – 4th Grade Junior Achievement Day
*Graduation and Post-Secondary Education Celebration in grades K-5. Please see separate flyer.
*Teachers' doors decorated to highlight the school they and/or family members attended
*Daily videos in the classroom featuring a different post-secondary option each day
*A bulletin board showing post-secondary education choices
*Post-secondary education facts over the announcements

On Friday, May 18th, students and teachers are encouraged to wear a college/post-secondary education t-shirt or college colors to show school spirit.

It is the hope that the week will spark conversation among the students about what their options are after high school. We encourage parents to talk to your students about post-secondary education as well.

If you have any questions or concerns about Post-Secondary Education Awareness Week you can contact Lauren Traill, School Counselor, at trailll@penntrafford.org.
