Students should dress nicely and appropriately.

No athletic shorts, blue jeans, shirts with logos, or sports attire, please.

Questions? Please contact Mr. Fung, Mr. Strain or Mrs. Royal @ 627-3460
It's coming this June....

The second annual Highview School Grade 4 CARDBOARD CHALLENGE!

This year, Highview School is changing it up and will be having a day of making and playing on Friday, June 15. Our Cardboard Challenge will include ALL grade 4 students and will be done entirely during school. Students will get inspired, imagine what they can create, and plan their designs during STEM class. Then on June 15, all 4th graders will spend the entire morning building their designs. After lunch, they will display their projects and test and play with them. At this time, from 1:30 until 3:00, parents will be invited to join us as students share their projects.

Our theme this year is arcade type games. We are modeling the Highview Cardboard Challenge after the Imagination Foundation's Global Cardboard Challenge, an event held around the world each year in the fall. Students from 77 countries have participated; all inspired by the story and short film called, "Cain's Arcade", about the 9 year-old boy who started it all in 2012. [https://www.youtube.com/watch?v=faIFNkdq96U](https://www.youtube.com/watch?v=faIFNkdq96U)

This project will:
- Let children explore their interests and passions
- Teach valuable skills like critical thinking, resourcefulness, perseverance and teamwork
- Bring our school community together to foster and celebrate child creativity
- Tie in with Highview School's goal to promote kindness to each other
- Let children have FUN!

How can you help?

We will be getting a donation of corrugated cardboard boxes. Students may need other specific items for their project like paper towel tubes, toilet paper tubes or any other specific cardboard materials. These can be brought from home. Items may be dropped off before school in a bag labeled with your child's name and class code. Your child can bring them up to the STEM room for storage.

We will collect these materials up until June 14.

Thank you for your support, and we hope to see you June 15.

Sincerely,

Anna Sexton, STEM teacher
The Grade 4 team
Join us for a great night of baseball and wishes at this year’s Make-A-Wish Night at the Rockland Boulders!

Thursday, June 7, 2018
Ticket and 50/50 sales will go toward granting a life-changing wish to a child facing a critical illness!

$20 for TWO TICKETS
includes 40 chances to win
that night’s 50/50 raffle!

Make-A-Wish
Together, we create life-changing wishes for children with critical illnesses.
Make-A-Wish® grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy.

Make-A-Wish began with a little boy named Chris Greicius.

In 1980, Chris, 7, was battling with leukemia. More than anything else, Chris wanted to be a police officer.

Members of the Department of Public Safety in Phoenix, Arizona came together to grant Chris' wish, which included such details as a custom-made uniform, a ride in a police helicopter and a motorcycle proficiency test, completed on his battery-operated bike.

Chris passed away shortly after receiving his motorcycle officer's wings. His burial was a full officer's funeral, and his story impacted everyone who heard it. Shortly after, those involved in Chris' wish formed Make-A-Wish to give other children the opportunity to experience a wish come true.

Make-A-Wish began with a little boy named Chris Greicius. In 1980, Chris, 7, was battling leukemia. More than anything else, Chris wanted to be a police officer. His wish was granted—Chris, dressed in a custom-made police uniform, rode in a police helicopter and motorcycle.

Make-A-Wish wants to grant every child's wish. Since 1980, over 2,500 wishes have been granted. Over 285,000 wishes have been granted since 1980. The largest organization in the world, granting wishes 34 minutes every 62 hours. Make-A-Wish grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy.

Members of the Department of Public Safety in Phoenix, Arizona came together to grant Chris's wish, which included such details as a police motorcade and a ride on a police helicopter. His parents even formed Make-A-Wish to give other children the opportunity to experience a wish come true.
