Tang Math Games

Our first Family math night with Greg Tang Jr. was a huge success! Within the next few weeks your child's teacher will receive a set of the 4 different Tang Math games we played that evening. Many parents asked how they could get these games to play at home. We would like to offer you the opportunity to purchase your own set of games and save on shipping.

If you are interested, please return the attached order form with a check made out to Nanuet Elementary PTA. We will place one large order and deliver the games to your child so that he/she can bring them home.

Many of these games are available digitally on gregtangmath.com, if you would prefer to only use them on the computer.

Any questions, please email Helene Collins at hcollins@nanuetsd.org.

*Please note this is not a fundraiser-The PTA is helping to facilitate this order to eliminate shipping costs to families.
