

PRINCIPAL'S CORNER

We hope that you and your families are doing well and staying safe during this time of uncertainty. By means of this newsletter we are hoping to stay connected with our families.

Please know that the administration of Gadsden School District has implemented protocols for dealing with the outbreak of the coronavirus (COVID-19). We recognize that this is an evolving situation and information may be revised accordingly. We ask for your cooperation and consideration.

Please be assured that I have been communicating with all the Sunland Park Staff on a daily basis and have been planning how to best serve all of our students. By this time, our teachers have contacted your homes.

We are planning to communicate with your students daily via Google Classroom. Assignments will be available in Google Classroom for Math and Language Arts. There will also be activities for Art, Music and PE. Teachers will communicate with you via Class Dojo.

For the first week all families were offered a chrome book and a homework packet. Based on turnout it seems like most if not all prefer to work online.

If you have any questions, please feel free to reach out to me or your child's teacher by email or phone. We will respond as promptly as possible.

Please visit our school webpage for updated information.

Dear students,

Heads up!! On these hard and difficult days we are facing now as a community, the only thing you can do is keep your heads up! You have worked so hard all school year to stop working now. Some of you may be scared or confused about what is going on around us. Some things you might not even understand. That's Ok! Just remember to Stay strong and focused on what your teacher will be asking you to do. Ask questions to stay informed and clear any confusions about the work you may have. Remember that with each day, you have an opportunity to learn new things. Wildcats, stay focused and keep moving forward!
