RE: **Use of Federal Funds** in Pre-K-12 Public Schools & Parental Involvement Plans

To insure compliance with ESSA/ESEA guidelines, all school principals, Title I and Non-Title I are required to annually inform teachers and parents of the services provided by federal programs and the use of federal funds (Titles I, II, III, IV, VI, IX and Migrant) at the school. This can be accomplished at an Open House, Parent Night, Get Acquainted Night, etc. (Refer to page 2) Sign-in sheets of teachers and parents participating in meetings are to be kept on file at each school site. If this information is provided in the form of a school newsletter, a copy of the newsletter must be maintained on file at the school site.

All schools, Title I and Non-Title I, are required to annually develop/revise a Parent and Family Engagement Plan and include activities related to the plan in the school's School Improvement Plan. In addition, Title I schools are required to develop a Home/School Compact. The Parent and Family Engagement Plan and the Home/School Compact must be done with input from parents. **Agendas** and **sign-in sheets** from meetings must be kept on file at the school. A copy must be uploaded to Title I Crate.

TITLE I SCHOOLS:

Title I funds are used to provide services and/or materials for all children in a school wide school. **It is the goal of school wide schools to address the academic needs of their most at-risk students.**

Schools are to inform parents, in writing, if their child is eligible to receive additional services (i.e. tutoring during school hours, reach-in services, after school tutoring, etc.). Parental consent, in the form of a parent signature, must be obtained before a child begins to receive additional services. These parental consents are to be filed and maintained at each school site. Parent permission slips for children receiving services in before/after school tutoring are to be maintained.

TITLE I & NON-TITLE I SCHOOLS:

By September 27, 2019, the Principal is to send a Letter of Assurance, indicating that teachers and parents have been informed of how federal funds are utilized to support their school. This Letter of Assurance is to be uploaded to Title I Crate (Title I schools) or emailed to N. Caillouet (Non-Title I schools). (See page 4 for a sample letter.)
