

OUR EC ELEMENTARY ADULTS YOU CAN CONTACT FOR SUPPORTS OF MANY KINDS

Hello! My name is Taylor Stewart and I am the Family Support Specialist (FSS) at East Canton Schools. I enjoy living and working in a community that loves to help others! East Canton is a great place to be and I am so happy your family is a part of it! The position of the Family Support Specialist, (FSS), is a partnership between East Canton Schools, Stark County Educational Service Center and United Way. My job is to build and grow relationships between students, families, and staff. I help to fulfill basic needs for families, by linking them to key people and programs in the area. I am here to help families learn what resources they have and how to use them. I also work to mentor parents and students and promote involvement between schools and families. I am here to help families resolve anything that could get in the way of them being successful. I am enjoying meeting many new faces and connecting with old friends as I continue to work in East Canton! If you would like more information on the FSS program or its services, please contact me! My office hours are Monday- Thursday, 7:30-3:15. I can be reached by both phone and email at 330-488-0334 ext.356 or taylor.stewart@osnaburglocal.org.

HI! I am Mrs. Kreutzer, a Licensed K-12 Professional School Counselor currently serving children in grades K-8, parents, and staff. I can be found doing classroom lessons, cycles, groups, and individual time. Together with students, we work in the mental health arena to teach them life-long skills like dealing with feelings, tattling, kindness, team building, character, assertiveness, etc. After growing up in a small town, I'm very "at home" in our Osnaburg Local/East Canton Schools. I have been a teacher/counselor for 27+ years, and have been in the Osnaburg Local School District for the past 17. I'm a graduate of Akron, Ashland, and Malone Universities. Please feel free to contact me for questions, comments, and concerns at: 330-488-0392 (ext. 157), or sheri.kreutzer@osnaburglocal.org. This year Miss Bamberger, a Walsh University School Counseling Intern, who is also getting her license in clinical counseling, is with me.

Hello! My name is Pennie Mathewson and I am a counselor here in the East Canton Schools through Pathway Caring for Children. I have been so impressed at how awesome and welcoming the staff and students have been to me as I start out my first year here at the school. I studied at Moody Bible Institute in Chicago and received a degree in Multicultural Studies. I also have a degree in Psychology from Akron University and a Master's degree in Clinical Counseling from Kent State. I have a variety of experience, from working as a foster and adoptive parent, to facilitating enrichment and art groups for at risk children in urban areas, to working in the inpatient unit at Akron Children's Hospital. Children are dealing with so much and they can easily begin to feel lost or overwhelmed. They often benefit from a listening ear and that "judgment free zone" which counseling can offer. Building resiliency and equipping children with the tools they need to tackle some of these obstacles are some of the things prioritized in counseling. Please do not hesitate to reach out to me if you have any further questions about what I do or if you or a loved one might benefit from pathway services: pmatthewson@pathwaycfc.org or call (234) 203-2596.

My name is Bethany Long. I am a School-Based Case Manager through Pathway Caring for Children. I earned my degree in Human Development and Family Studies from Kent State University in the fall of 2014. I began working as a Case Manager at Pathway in January 2015. Since then, I have worked with children in the schools grades Kindergarten through 12th grade. I am new to the East Canton school district as of this year. I work closely with a Therapist to meet the needs of the students who are my clients. I utilize behavioral, communication, problem solving and social interventions during one-on-one sessions, as well as group session, to improve upon a need. I collaborate with East Canton's school staff to discuss and identify needs of client's. As a Case Manager I advocate for my client's personally and in the community to provide the best possible services available. I have a passion to empower children and their families to realize their potential and achieve their possibilities through innovative mental health services. You can contact me at blong@pathwaycfc.org if you are considering having your child in counseling.
