Mother's Day Yankee Candle Fundraiser
Sale Dates 3/9/20 to 3/23/20

Please be sure to have all order forms returned by Monday, 3/23. Orders can be picked up Friday May 1st from 3:40 to 6:30 at Fulmar Road Elementary School

Please check your order forms for accuracy. Don't forget to fill in your phone number, child's name and your child's school

Make checks payable to: Mahopac SEPTO

Online Sales Available at: www.yankee candlesfundraising.com use group # 990095474

Your support enables Mahopac SEPTO to sponsor family events, present guest speakers, provide scholarships to students, fund grants for teachers and host events for district staff to express gratitude.

Thank You So Much For Your Support!! septomahopac@gmail.com
Adventures in Science
Mad Science Enrichment Program

Mad Science activities are so fun children forget they are learning! These recreational science programs are designed to help all kids learn and enjoy science.

Spring 2020: Adventures in Science
During this science sampler, children will uncover the vital role that science plays in detective work, examine the physics behind popular toys and get a buzz out of the amazing world of insects. Your Mad Scientist will explore earth science, weather phenomena, and experiment with kitchen chemistry. Children will build their own Mad Science Machine and create their very own short animated cartoon.

Registration MUST be completed online @ midhudson.madscience.org
Mad Science of the Mid-Hudson (845) 294-5434

6 Week program fee: $115.00

Austin Road Elementary School PTO Sponsors...
Mad Science After School Program

Dates: Mondays: April 20, 27, May 4, 11, 18, June 1
Time: 3:20 - 4:20 PM
Grades: 1 - 5

Registration deadline: April 13. There will be a $10 late registration fee after the deadline.
Register Early...Space is limited. Program will run with a minimum of 10 and a maximum of 20 children per class. *Please note: Parents are responsible for transportation.*

Have you taken one of our programs this school year? Enter coupon code LOYAL for a discount!
January 2020

Dear Austin Road Families,

The winter months have always proven to be a time when our students become ill more frequently. We monitor student absences very closely at this time of year. As you all know, the flu is hitting fairly hard this winter. We want to keep our students and staff as healthy as possible. You can assist us with maintaining a healthy school environment in the following ways:

- When you call in to report an absence, please provide a specific reason for the absence. If the diagnosis is confirmed by your doctor, can you please state that when leaving your message. The Attendance Line is (845) 628-1346 Ext. 2.
- Your child must remain fever and vomit free for 24 hours before returning to school.
- Studies have shown that the best way to prevent the spread of illness is thorough and frequent hand-washing. It really does help prevent the spread of germs, and believe it or not, students need frequent reminders of this.

The District takes a proactive approach to keeping our schools as germ-free as possible. Our custodial staff is mindful of areas/equipment needing extra disinfecting each night. On a related note, I cannot stress enough the importance of keeping sick children home to help prevent the spread of germs. I understand that sometimes it is difficult to know if a child is really sick or not. If you administered medication such as Tylenol or Motrin in the morning, it is probably best to keep them home that day.

Our goal is to maintain a safe and healthy environment for our students. The winter months always challenge us in this area. I am sure with everyone’s cooperation we can reduce the spread of illnesses as we anxiously await the warmer weather.

Sincerely,

Jim Gardineer
Principal
Influenza (also known as flu) is a contagious respiratory illness caused by influenza viruses that infect the nose, throat and lungs. Flu is different from a cold, and usually comes on suddenly. Each year flu viruses cause millions of illnesses, hundreds of thousands of hospital stays and thousands or tens of thousands of deaths in the United States.

Flu can be very dangerous for children. CDC estimates that between 6,000 and 26,000 children younger than 5 years have been hospitalized each year in the United States because of influenza. The flu vaccine is safe and helps protect children from flu.

What parents should know

How serious is flu?
While flu illness can vary from mild to severe, children often need medical care because of flu. Children younger than 5 years and children of any age with certain long-term health problems are at high risk of flu complications like pneumonia, bronchitis, sinus and ear infections. Some health problems that are known to make children more vulnerable to flu include asthma, diabetes and disorders of the brain or nervous system.

How does flu spread?
Flu viruses are thought to spread mainly by droplets made when someone with flu coughs, sneezes or talks. These droplets can land in the mouths or noses of people nearby. A person also can get flu by touching something that has flu virus on it and then touching their mouth, eyes, or nose.

What are flu symptoms?
Flu symptoms can include fever, cough, sore throat, runny or stuffy nose, body aches, headache, chills, feeling tired and sometimes vomiting and diarrhea (more common in children than adults). Some people with the flu will not have a fever.

Protect your child

How can I protect my child from flu?
The first and best way to protect against flu is to get a yearly flu vaccine for yourself and your child.

- Flu vaccination is recommended for everyone 6 months and older every year. Flu shots and nasal spray flu vaccines are both options for vaccination.
- It's especially important that young children and children with certain long-term health problems get vaccinated.
- Caregivers of children at high risk of flu complications should get a flu vaccine. (Babies younger than 6 months are at high risk for serious flu complications, but too young to get a flu vaccine.)
- Pregnant women should get a flu vaccine to protect themselves and their baby from flu. Research shows that flu vaccination protects the baby from flu for several months after birth.
- Flu viruses are constantly changing and so flu vaccines are updated often to protect against the flu viruses that research indicates are most likely to cause illness during the upcoming flu season.

Is flu vaccine safe?
Flu vaccines are made using strict safety and production measures. Millions of people have safely received flu vaccines for decades. Flu shots and nasal spray flu vaccines are both options for vaccination. Different types of flu vaccines are licensed for different ages. Each person should get one that is appropriate for their age. CDC and the American Academy of Pediatrics recommend an annual flu vaccine for all children 6 months and older.

What are the benefits of getting a flu vaccine?

- A flu vaccine can keep you and your child from getting sick. When vaccine viruses and circulating viruses are matched, flu vaccination has been shown to reduce the risk of getting sick with flu by about half.
- Flu vaccines can keep your child from being hospitalized from flu. One recent study showed that flu vaccine reduced children’s risk of flu-related pediatric intensive care unit admission by 74%.
- Flu vaccine can prevent your child from dying from flu. A study using data from recent flu seasons found that flu vaccine reduced the risk of flu-associated death by half among children with high risk medical conditions and by nearly two-thirds among children without medical conditions.

- Flu vaccination also may make your illness milder if you do get sick.

- Getting yourself and your child vaccinated also can protect others who may be more vulnerable to serious flu illness, like babies and young children, older people, and people with certain long-term health problems.

**What are some other ways I can protect my child against flu?**

In addition to getting a flu vaccine, you and your child should take everyday actions to help prevent the spread of germs.

Stay away from people who are sick as much as possible to keep from getting sick yourself. If you or your child are sick, avoid others as much as possible to keep from infecting them. Also, remember to regularly cover your coughs and sneezes, wash your hands often, avoid touching your eyes, nose and mouth, and clean surfaces that may be contaminated with flu viruses. These everyday actions can help reduce your chances of getting sick and prevent the spread of germs to others if you are sick. However, a yearly flu vaccine is the best way to prevent flu illness.

**If your child is sick**

**What can I do if my child gets sick?**

**Talk to your doctor early if you are worried about your child’s illness.**

Make sure your child gets plenty of rest and drinks enough fluids.

If your child is 5 years or older and does not have a long-term health problem and gets flu symptoms, including a fever and/or cough, consult your doctor as needed.

Children younger than 5 years of age – especially those younger than 2 years – and children with certain long-term health problems (including asthma, diabetes and disorders of the brain or nervous system), are at high risk of serious flu complications. Call your doctor or take your child to the doctor right away if they develop flu symptoms.

**What if my child seems very sick?**

Even healthy children can get very sick from flu. If your child is experiencing the following emergency warning signs, you should go to the emergency room:

- Fast breathing or trouble breathing
- Bluish lips or face

- Ribs pulling in with each breath
- Chest pain
- Severe muscle pain (child refuses to walk)
- Dehydration (no urine for 8 hours, dry mouth, no tears when crying)
- Not alert or interacting when awake
- Seizures
- Fever above 104°F
- In children less than 12 weeks, any fever
- Fever or cough that improve but then return or worsen
- Worsening of chronic medical conditions

This list is not all inclusive. Please consult your medical provider for any other symptom that is severe or concerning.

**Is there a medicine to treat flu?**

Yes. Antiviral drugs are prescription medicines that can be used to treat flu illness. They can shorten your illness and make it milder, and they can prevent serious complications that could result in a hospital stay. Antivirals work best when started during the first 2 days of illness. Antiviral drugs are recommended to treat flu in people who are very sick (for example, people who are in the hospital) or people who are at high risk of serious flu complications who get flu symptoms. Antivirals can be given to children and pregnant women.

**How long can a sick person spread flu to others?**

People with flu may be able to infect others from 1 day before getting sick to up to 5 to 7 days after. Severely ill people or young children may be able to spread the flu longer, especially if they still have symptoms.

**Can my child go to school, day care, or camp if he or she is sick?**

No. Your child should stay home to rest and to avoid spreading flu to other children or caregivers.

**When can my child go back to school after having flu?**

Keep your child home from school, day care, or camp for at least 24 hours after their fever is gone. (The fever should be gone without the use of a fever-reducing medicine.) A fever is defined as 100°F (37.8°C)* or higher.

*Many authorities use either 100 (37.8 degrees Celsius) or 100.4 F (38.0 degrees Celsius) as a cut-off for fever, but this number can vary depending on factors such as the method of measurement and the age of the person.

For more information, visit www.cdc.gov/flu/protect/children.htm or call 800-CDC-INFO
Saturday Italian Class!

- Classes will teach children important, basic Italian language and vocabulary
- Snacks will be served (we will check for allergies)

**Taught by:** Students of Mahopac High School's Italian National Honor Society

**Place:** Mahopac Public Library
Meeting Room (3rd Floor)

**Cost:** $30 per child  For families: $40 for two children
We will cover the 11 sessions, supplies, and snacks.

**Dates:** Saturdays starting February 1st
February 8th, 15th, 29th
March 7th, 14th, 21st, 28th
April 4th, 18th
SNOW DATE April 25th

**Time:** 10:00 am - 11:30 am

**For:** Students grades 1 - 5  (Please no students below 1st grade)

**Contact:** Nina @ ngp2098@gmail.com to register or for any questions or concerns

**NOTE:** If you are interested please contact this email, not Mahopac Public Library, as this is not a library-run program.
We encourage carpooling and parking off-site.
Putnam County Youth Bureau

Sponsored by the New York State Office for Children and Family Services and the Putnam County Youth Bureau
Dear Families, 

Welcome to the 2019-2020 school year! We hope the summer has been restful and enjoyable. As you know, the PTO facilitates numerous programs throughout the year that help earn money for Austin Road, thus providing the children with an exciting and memorable elementary school experience. One such program is Box Tops for Education.

Box Tops coupons can be found on hundreds of different products, ranging from food to household cleaning supplies. While unexpired traditional coupons may still be clipped and sent in on the attached collection sheet, Box Tops for Education is now changing to fit today’s families. The new and improved Box Tops mobile app uses state-of-the-art technology to scan your store receipt, find participating products, and instantly add Box Tops to our school’s earnings online.

For your convenience, please find a sample of both the old and new Box Tops label on the back of this page. Should you have any questions as to how the program works, or require additional information pertaining to the collection process, please feel free to contact me. Thank you, in advance, for your support and participation.

Laura Valentin, Box Tops Coordinator

THE OLD
BOX TOPS CLIPS

Traditional Box Tops clips are being phased out of production, but may continue to be found on many products throughout the store. You can still clip and send them to school.

Every valid Box Tops clip is worth 10¢ for your school. Make sure each one has a clearly visible product acronym and expiration date.

THE NEW
BOX TOPS LABELS

Eventually the Box Tops program will become digital-only. Participating brands are starting to change their packaging from a traditional Box Tops clip to the new Box Top label.

If you see this label, use the new Box Tops app to scan your receipt. Box Tops are still worth 10¢ each for your school. The app will find participating products purchased at any store and instantly add cash to your school’s earnings online.
NO MORE CLIPPING!

THE NEXT GENERATION OF BOX TOPS IS HERE... ALL YOU NEED IS YOUR SMARTPHONE.

Download the NEW and improved Box Tops mobile app:

YOU CAN STILL SEND IN TRADITIONAL CLIPS... UNTIL THEY'RE GONE!

CLIP: If your package has a traditional Box Tops clip, cut it off and attach it below. Each clip is worth 10¢ for our school. Please be sure each clip has a valid expiration date.

SCAN: If you see this label, use the new Box Tops app to scan your store receipt within 14 days of purchase. The app will find participating products and instantly add Box Tops to our school’s earnings online. No clipping required!
BRRRR! It’s a Box Tops Blizzard

Be sure to write your name and your teacher’s name on your collection sheets, baggies and envelopes!

Austin Road PTO
Yearbook Needs Your Help!

Help us make Austin Road’s 2019-2020 yearbook fun filled with your photographs.

Upload all of your children’s and their friends’ wonderful memories from Austin Road (such as Bingo, Class Parties, Movie Night, 5K Run, Monster Mash, Book Fair, etc.) for our possible consideration for submission in the yearbook. All photographs can be sent in digitally via EShare at www.hjeshare.com using our School Code: austinroad

Thank you for all of your support!
Austin Road PTO Membership 2019 - 2020

We invite you to support the Austin Road PTO by joining our PTO membership! The membership fee is $10.00 per family, all of which goes to support our school. By becoming a member, you are informed first about all of the upcoming activities and volunteer opportunities through a PTO weekly email.

The Austin Road PTO offers many programs, both during and after school for our children. School pictures, Yearbook, Monster Mash, Book Fair, Holiday Shop, Color Run, Spirit Day, and many other activities are all run by the PTO. These programs are not self-supporting. We need your help to continue these programs and create awesome memories for our children and families. All PTO fundraisers and monies raised go towards our children and school, providing cultural, educational, and social enrichment. This helps pay for field trips, assemblies, the Learning Lab, and special events for over 600 students who attend Austin Road. Volunteers and support are needed to help run these events and ensure they are successful. Becoming a member in no way obligates you to volunteer; however, any assistance and time that you can provide would be much appreciated.

Thank you, in advance, for your support!

Samantha Gumina, VP-Membership
segumina@gmail.com

Yes, I would like to join the Austin Road PTO!

Please complete and return this form, along with your $10.00 payment, to school in an envelope marked PTO Membership. Checks should be made payable to Austin Road PTO.
