

AUSTIN ROAD SCHOOL

Site-Based Team

September 2020

Dear Parents,

The Austin Road Site-Based Team is looking for volunteers to help shape the future of education in Mahopac and improve programming at Austin Road. As many of you know, in conjunction with New York State education law, Mahopac has established Site-Based School Management Teams that have been in existence for years. Currently we are seeking interested parents to fill openings on our Site-Based Team. Recent accomplishments of our Site-Based Team include:

- Schoolwide reading and literacy initiatives including the Iditaread
- Yearly character education lessons and read aloud
- Our Student Recognition System
- Recycling initiatives

All these programs would not have been possible without parent/teacher involvement on our Site-Based Team.

The Austin Road School Team is composed of (five) parents, (five) teachers, (one) administrator, and (one) community member. At the current time, we are anticipating having openings. These seats are for a two-year term and will begin in September. Participation requires a sincere desire to be a positive influence in the educational system, putting aside personal interests, and working for the good of the entire school. The Site-Based Team meets once a month from 4:00 – 5:00 p.m. in the computer lab, usually on the same evening as the PTO meetings.

Please apply only if you can make the commitment. The success of the program requires dedication and teamwork.

If you are interested in serving on the Austin Road School Site-Based Team, please fill out the application below and return it in an envelope marked the *Site-Based Team by Friday, September 25th*. To be eligible, you must be a parent or guardian of an Austin Road School student. If you have any questions, please contact Amy Riguzzi at (914) 844-4574, or email her at amyriguzzi@gmail.com.

Application for Austin Road School Site-Based Team

Name: _____
Address: _____
