## HEALTH AND SAFETY AT ST. ANNE SCHOOL

### FAMILY SCHOOL UPDATE WITH OUR PRINCIPAL, KAREN BENTZ

So very many questions remain as we take part in our summer regarding the opening of St. Anne School. **St. Anne school will be open.** We are working very hard to determine under State, Diocesan, local school district guidelines, the safest and most effective course for our children and staff.

- Cleaning and disinfecting will occur in school regularly each day.
- Parents are strongly encouraged to check student temperatures daily before school. The plan, **as of today**, is for St. Anne School to take temperatures as needed.
- The face covering policy will be in line with CDC, STATE and local Departments of Health. **As of today**, face coverings will be worn by teachers and staff at all times. Students will wear face coverings when travelling around the school and to or from school each day. **As of today, recommendations are that students do not wear them while in the properly social-distanced classrooms.**
- Bus Transportation policies will be, as always, designated and decided by school districts.
- **As of today**, we expect classes to begin in person on August 31st.
- No visitors or volunteers will be permitted in the school, in order to limit the spread of germs.
- Any large events or Masses will adhere to strict social distancing rules.
- OUR PRIORITY is the health and well-being of our students.
- *Our in-house committee will be meeting regularly to finalize more specific school procedures. We will immediately communicate our school plan once it is approved. We appreciate your patience during this time*

**New!**

### **New Smart Board Technology . . .**

All classrooms will have new smart interactive white boards installed - more classrooms will be painted with bright "brain colors" and a new extension will be constructed for our 3 year-old preschool classroom.
