Re: BPX Energy to Provide \$5,000 Scholarships to Qualifying High School Seniors attending the University of Wyoming, any Wyoming community college or the Colorado School on Mines

BPX Energy is pleased to be offering college scholarships to high school seniors who plan to attend the University of Wyoming, any Wyoming community college or the Colorado School of Mines in the fall of 2019 and major in a Science, Technology, Engineering or Mathematics (STEM) field. As members of the community, we recognize the importance of a highly trained and educated workforce to our region and to the state of Wyoming. We believe our scholarship program will provide enhanced opportunities for Wyoming residents to pursue a college degree.

Students must be permanent residents of Wyoming and planning to enroll on a full-time basis (12 semester hours or more) at the University of Wyoming, any Wyoming community college or the Colorado School of Mines. Awards will be based upon information provided in the application, the applicant's personal statement, academic performance, extracurricular activities, work experience, individual goals and demonstrated interest in the energy industry.

Interested students are invited to visit our scholarship website at www.bpenergyscholarships.com for complete program information and to apply online. We are asking for your assistance to promote this scholarship opportunity and have enclosed a flyer to display at your school. Also, please consider posting our scholarship information on your school website or other social media. Please note, all scholarship applications must be submitted online **by February 15, 2019 to receive consideration**. If you have questions, please contact us at info@bpenergyscholarships.com or 630.428.2412.

We are pleased to be offering this scholarship opportunity and look forward to receiving applications from students representing your school.
