THE FUTURE CHAMPIONSHIP PROJECT

What do all champions have in common? Fundamental core values of leadership, respect, self-control, self-worth, responsibility, teamwork and individual purpose. At Thornwood Brazilian Jiu Jitsu, champions are created on and off the mat. Children are prepared both physically and mentally to deal with every day occurrences and social constructs. This includes how to deal with a bully and how to avoid becoming a bully.

You will learn how empowerment works for your child on an emotional and mental level. Professor Trenton Cooke is a Brazilian Jiu Jitsu Black Belt, Alliance Certified Instructor and owner of Thornwood Brazilian Jiu Jitsu. He will be answering any questions you may have, as well as explaining why it is important for your child to be confident in knowing they have the ability to defend themselves - should a situation occur.

Everyone is invited. Refreshments will be served
