Institute for Collaborative Education (I.C.E.) is a school-based application process.

The Institute for Collaborative Education (I.C.E.) is a small, community-focused school where the needs and academic interests of the students come first. Teachers utilize a project-based curriculum that emphasizes student-centered inquiry, forming substantive arguments, written and oral presentations, and the active and ongoing exchange of ideas.

I.C.E. will hold three Open House events this year. These events are informational only and do not include a school tour. Attending an Open House event is not a requirement in the application process. Space is limited, online sign up is required, each family may reserve a maximum of three tickets. Please bring your email confirmation (on paper or on your smartphone) as your ticket.

Please visit their website at www.iceschool.net to learn more about the school, register for their open house and download the application.

La escuela *Institute for Collaborative Education* (I.C.E.) es un proceso de solicitud basado en la escuela.

El Institute for Collaborative Education (I.C.E.) es una escuela pequeña, centrada en la comunidad, donde las necesidades y los intereses académicos de los estudiantes son lo primero. Los maestros utilizan un plan de estudios basado en proyectos que hace hincapié en la investigación centrada en el estudiante, formando argumentos de fondo, presentaciones escritas y orales, y el intercambio activo y permanente de ideas.

I.C.E. celebrará tres eventos de “open house” este año. Estos eventos son informativos y no incluyen un “tour” de la escuela. Asistir a un “open house” no es un requisition en el proceso de solicitud. El espacio es limitado, en línea inscribirse se requiere, cada familia podrá reservar un máximo de tres entradas. Favor de traer su confirmación por correo electrónico (en papel o en el teléfono celular como su boleto).

Por favor visite su sitio web en www.iceschool.net para aprender más sobre la escuela y para registrarse para su “open house”.
