Advancement for experience and/or additional credit shall take place each September 1, in accordance with District policy and procedure. Teachers applying for credit advancement must submit official transcripts prior to Sept. 1 each year. Teachers shall be allowed no more than one experience advancement step each year. After being "frozen" on a step and then moving horizontally, that teacher may only advance one step vertically and will not necessarily be aligned with the same number of steps as years of service. Up to 15 years previous experience in a public school may be accepted for teachers new to the district, per superintendent discretion.
