Academic Policies

Academic Expectations
The school expects students to perform to the best of their ability. Teachers are expected to evaluate student progress on a regular basis. Students will be given quizzes or tests regularly. After the test is graded, it will be sent home for the parent to review and sign. A parent’s signature indicates that the parent is aware of the student’s progress.

Graduation
At the discretion of the principal, each school has the right not to certify the student’s graduation or provide transcripts of the student’s academic record to third parties such as other schools, colleges, or employers, or to issue a diploma to the student, if there has been a breach of a material condition of this educational contract (i.e., failure to meet financial obligations and/or infractions against the school’s code of conduct).

Homework
Homework is an essential part of the instructional program and, reinforces learning, and provides students with opportunities to practice what they have learned. This practice helps students establish good study habits, become independent learners, and strong readers, writers, and mathematicians. All homework times include a minimal of 15 minutes of reading (or being read to).

The time allotments for homework are as follows: (approximately)

<table>
<thead>
<tr>
<th>Grade</th>

<th>Written &amp; studying (minutes)</th>

Students are required to complete all homework. Reading will be tracked by the teacher. Each teacher will determine the appropriate method for their class and how it will be graded.
Grades and Grading

Report cards are distributed four times a year for Grades 1 to 8. Pre-Kindergarten and Kindergarten report cards are distributed (two to four) times a year. The report card is an important part of the ongoing communication between the school and the home.

Academic Achievement
The first part of the Archdiocesan Report Card is used to mark the student’s achievement in academic subjects.

- The achievement mark in each quarter is based upon the demonstration of mastery of material covered in class such as:
  1. Classwork/Participation
  2. Homework
  3. Quizzes
  4. Formative Assessments
  5. Summative Assessments

There are no grades for Computer Science, Music or Library as these areas are to be supportive of, and integrated into, the total learning process.

Foreign Language will be given a letter grade in grades First through Fifth Grade since the class meets less than 120 minutes per week. Foreign Language will be given a numerical grade for grades Sixth through Eighth grade since the class meets more than 120 minutes per week. Their grade will also be averaged into their grade point average (GPA).

The Final Report Card Grade is the weighted average of the four previous quarter grades (with mid-year and end-year tests in Religion for grades 3-5 and in all core subjects for grades 6-8). Saints John and Paul School requires all fifth grades to take mid-year and end-year exams in all core subjects except for Language. The Final Grade will be recorded on the student’s permanent record.

- Numerical marks are recorded on report cards for Grades 1–8.

- A 4-1 scale is used to evaluate student progress toward grade level standards in each core subject area.
  - 4: Meeting Standards with Excellence
    - Student exceeds requirements for grade-level work and consistently applies and extends learned concepts and skills independently
  - 3: Meeting Standards
    - Student demonstrates and applies knowledge and understanding of learned concepts and skills, meets requirements for grade-level work, and completes work independently with limited errors.
  - 2: Approaching Standards
    - Student demonstrates partial understandings and is beginning to meet requirements for grade-level work. Requires some extra time, instruction, assistance and/or practice.
  - 1: Below Standards
    - Student demonstrates minimal understandings and seldom meets requirements for grade-level work. Requires an extended amount of time, instruction, assistance and/or practice.
  - N/A: Not Assessed
    - Students were not assessed on these standards this quarter.

- The marks are an average of summative assessments, quizzes, classwork, homework, and formative assessments.

- Passing is any mark 70% or above or any mark of D or higher. Parents should be informed in a timely manner in the event of a student who is not satisfactorily performing in a course or activity.
Character Development
The Conduct and General Effort Scale indicates grades for General Effort and Character Development. A single letter grade is used with progress codes indicating improvement needed in any sub-category.

Honor Roll
The criteria for inclusion in the Honor Roll are particular for each school. As an acknowledgment of achievement in academics is:

<table>
<thead>
<tr>
<th>Grades 1 – 5</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grades 6 – 8</td>
<td>High Honors 97% and above average; no mark less than 95.</td>
</tr>
<tr>
<td></td>
<td>First Honors 93% to 96% average; no mark less than 90%</td>
</tr>
<tr>
<td></td>
<td>Second Honors 90% to 92% average; no mark less than 85%</td>
</tr>
</tbody>
</table>

Good conduct is a requirement to receive High Honors, First or Second Honors.

A student must receive an A (excellent) in conduct to be eligible for High Honors. A student who does not receive an A in conduct will not receive High Honors even though marks might warrant it.

Good conduct is a requirement to receive First or Second Honors. Therefore, a student must receive an A (excellent) or B (good) in conduct to be eligible for First or Second Honors. A student who does not receive an A or B in conduct will not receive First or Second Honors even though marks might warrant it.

Report Card Distribution
Report cards are distributed in November, February, April, and June. Report cards will be withheld if financial obligations have not been met and fees are outstanding.

Final report cards may not be given before the assigned date of June 21, 2017. In the event that a student will leave school prior to the last day in June and all financial obligations have been met, the student may give the teacher a self-addressed stamped envelope and the report card can be mailed the last day of school.

Retention/Promotion
Very few decisions we make about children are more important than recommendations to promote or to retain a student. When a school accepts a student, that school accepts the responsibility for providing appropriate instruction to help the student achieve the prescribed goals. If the student successfully achieves the program’s objectives, the student progresses to the next level.

Testing, diagnosis, and actual performance, however, may indicate that some students cannot follow the school’s complete course of study. The principal and school faculty develop for each of these students a special program, based on the school’s regular program, which follows the New York State Standards and Archdiocesan Essential Learnings. A copy of the student’s modified program is retained in the student’s file. Conferences must be held with the parents periodically to inform them of the specific demands of this program and on-going progress. Therefore, the decision to retain a student presupposes that the school has done everything to help the student achieve success, and the student still has not made satisfactory progress.

If a student is being considered for retention, teachers must begin discussing this possibility early in the school year with the principal. Parent conferences must be held periodically, and notification of the possibility of retention must be made no later than mid-January, with written notation having been made on the report card. Although the teacher consults with the principal, the final decision for retaining a student rests with the principal.

The following are specific criteria that will assist teachers as they consider a recommendation for retention.
The student has failed to pass the major subjects on each grade level.

The following table indicates the specific failures by grade level that might result in retention at that grade level:

<table>
<thead>
<tr>
<th>LEVEL</th>
<th>ACADEMIC PROGRESS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Kindergarten</td>
<td>Evidence that the child is not meeting academic expectations of the program.</td>

</tr>
<tr>
<td>Grade 7, 8</td>
<td>Failures in ELA and Mathematics, or Failures in ELA or Mathematics, or Failures in ELA or Mathematics and failure in one of the following subjects: Religion, Science, and Social Studies</td>
</tr>
</tbody>
</table>

The student has not demonstrated acceptable progress toward mastery of standards. The following types of behavior might indicate unacceptable progress:

- failure to complete assignments
- failures on multiple summative assessments
- repeated scores of 1 (“below standards”) in several standard domains on report card

Generally, a student would be retained only once in the elementary grades (1 - 5), and only once in the upper grades (6 - 8).

Assessments

In addition to class and school exams, every student will take part in the Archdiocesan testing program, which includes the Archdiocesan religion test, interim assessments, and New York State Education Department assessments. All students enrolled at our school are expected to participate in all exams and assessments. No alternative assignments will be provided.

Archdiocesan Test Religion Exams (In June, the Archdiocese Religion exam will be used as the student’s End-Year Examinations in Religion for Grades 6-8.)

The faculty of the school reviews these test results regularly for the purpose of promotion or retention in conjunction with classroom performance and grouping for reading and math.

**Accidents**

Student accident insurance included in the school’s yearly fees. In the event of an accident at school you may obtain a claim form from the office.

Please note that the school accident insurance usually is secondary to the parent’s own medical insurance coverage.

**Admission Policies**

Roman Catholic Schools in the Archdiocese of New York base their educational purpose and all their activities on the Christian teaching of the essential equality of all persons as rooted in God’s love.

Thus, with discrimination so repugnant to their nature and mission, Catholic schools in this Archdiocese do not discriminate on the basis of race, color, national and ethnic origin, or gender in administration of educational policies, admission policies, scholarship and loan programs, and athletic and other school-administered programs.

This policy is subscribed to by all Catholic elementary and secondary schools in the Archdiocese of New York, whether owned or operated by the parishes within the Archdiocese, Catholic school regions, or religious communities within the Archdiocese.

The process for admission to the school is: parents must complete the school application form and provide all required documents. Following an interview and evaluation of the materials, the parent will be notified in writing about the status of the child.

While admission is on a first-come, first served basis. The school endeavors to give preference in admission following these guidelines: first, to siblings of currently enrolled students; second, to Catholic students whose parents are active members of the parish, or if a regional school, active in a parish in the region; third, to Catholic students whose parents are active in another Catholic parish or, if a regional school, active in a parish outside the region; and fourth, to non-Catholic students.

**After School Program**

An aftercare program is available to parents. As long as a student is engaged in school sponsored programs or activities, the student is expected to follow school policy. Directors of individual activities may also issue rules of behavior, which recognize the special nature of non-classroom activities. In instances where students are picked up, parents are expected to make arrangements to pick up their children at the end of the program or activity. Students will be released only to a parent or a person previously specified IN WRITING by the parent. Program fees are expected to be paid in full upon being
invoiced. Past due balances will result in your child not being allowed to participate in the program until their accounts are brought up to date.

**Announcements**

Informational announcements are handled through the school P.A. system. Courteous attention is expected when any message is presented over the P.A. system, especially when prayers are said. All announcements must be written, brought to the office and approved by the principal.

**Attendance**

In the State of New York, full-time education is compulsory from age six to age 16. Regular attendance is the responsibility of the child(ren)’s parent or guardian.

**Excused Absence:** A child is legally absent from school for the following reasons: sickness, sickness or death in the family, impassable roads or extreme weather; all other absences are unexcused.

**Lateness:** A child should come to school even though he/she may be late. All lateness is recorded and marked on the report card. Parents will be consulted about chronic lateness, and the child may be required to make up time missed.

When the child returns to school from an absence, a completed absence form must be given to the teacher (See Appendix). This form is distributed at the beginning of the school year and contains appropriate spaces for the child’s name, date of absence, class, reason for absence, and the signature of a parent or guardian.

Doctor or dental appointments should be scheduled for after school or on Saturdays. Family vacations are not to be planned for those days when school is in session. The school provides families with an annual calendar to ensure that does not happen. If it is necessary for a child to be dismissed during the school day, the parent or adult (must be 18 years of age or older) chosen by the parent MUST come to the school for the child. The school must be informed ahead of time about such occurrences.

Students in kindergarten through grade eight who miss ten or more days of the school year, whether excused or unexcused, and who have not satisfactorily completed the required work, may be considered for retention. Students with more than 10 absences are in jeopardy of not successfully completing the school year. Principals will meet with the student’s parents/legal guardians to determine appropriate next steps. Certification of an absence by a physician is an exception to the ten-day limit. However, satisfactory completion of required work is required.

When a child is absent, parents are required to phone the school by 9:00 A.M. Absence notes are still required in addition to the phone call.

**Birthday Parties**

Birthday parties for Grades K – 3 may be held monthly in each homeroom with the teacher’s permission. Parents should notify the teacher in writing. Parent and teacher must coordinate a date and time that would be appropriate for the class party. Parents may bring small individual items such as cupcakes, brownies, etc. SJP School prefers a healthy snack when possible. Parents may not bring in favors or “goodie” bags for the students.

**Books**

All resource materials chosen for use in academic courses must be consistent with the religious nature of our schools. Books, DVDs, or other electronic-based supplementary resources that contain profanity, inappropriate sexual references, and other immoral information would be in violation of this policy.

All books must be properly covered. Contact paper is NOT to be used to cover any books obtained under N.Y.S. Textbook Loan. These books are stamped on the inside front cover. Each child is responsible for keeping his/her books in good condition. Books that are lost or defaced become the
liability of the student and his/her parents. If a book is lost or defaced, the school will bill the parents for the cost.

1. **ASSIGNED TEXTBOOKS:** When a textbook is lent to a pupil on a semi-permanent basis, the New York State Department of Education requires that:
   a. the pupil’s name be placed in the space provided in each book
   b. the teacher makes a record of the number of the book
   c. the teacher makes a record of the condition of the book
   d. in September, each child will put a clean cover on each textbook received
   e. in June, all textbooks are collected, extra materials and covers are removed.
   f. all workbooks are collected in June.

2. **SUPPLEMENTARY BOOKS:** When books are handed out to the children for use during a specific period within the classroom, they will be immediately collected after they have been read. If the book is to remain with the children for any length of time, his/her name must appear in the book and the teacher should have a record of this.

3. **LIBRARY BOOKS:** Books may be borrowed for two weeks. Books are charged to the child so that he/she will have the experience of signing out a library book and abiding by due dates. If books are returned late, there will be a five cents per day fine per book, payable by the child. All lost library books must be paid for so that the school can purchase a replacement copy. If the book is located after a new order is placed, the child will be allowed to keep the old book since he/she has paid for it.

### Buses

Busing is provided within a 15-mile limit to students from their residence. The public school district where the student resides provides and manages this service. If a student is to take a different bus from school, a note must be submitted to the principal at the beginning of the school day.

To obtain student transportation in school districts outside of New York City, parents must file requests with the district in which they live by April 1st of the preceding school year or within 30 days of moving to the district. Parents must contact their local public school district to determine eligibility.

Students and parents should consider riding on the school bus as a privilege and an extension of the school. Thus, students are to demonstrate a respectful, Christian, and safety-conscious attitude at all times on the bus.

- Students should obey the driver and monitors at all times.
- Students should do nothing to cause annoyances or distraction to the driver, as this places the safety of all in danger.
- In cases of extreme or persistent misbehavior, the school will work in consultation with the public school district about possible consequences.

### Change of Address, E-mail, Phone

The office must be informed immediately if there is a change of home address, email address, cell phone number, or home telephone number for purposes of mailing and/or emergency notification.

### Charter for the Protection of Children and Young People

- All institutions and programs of the Archdiocese will comply with the Safe Environment Policies of the Archdiocese.
- The Department of Education has developed a curriculum for the children in our parishes and schools, entitled “Right, Safe, Good Relationships”, which provides age-appropriate instruction in child sexual abuse. The lessons in this curriculum must be given annually to all children in all grades.
- Parents reserve the right to remove their children from the classes. The school administration should take care to cause as little embarrassment of these students as possible.
- If parents choose not to have their child participate in the safe environment classes, the parents will be offered training materials, and will be asked to sign a form acknowledging that the materials were made available to them. This form will be maintained in the records of the school. If the parents decline to sign such a form, a notation of this will be made in a record maintained by the school.

### Child Abuse Laws

Under NYS law, school personnel are legally obliged to report any suspected cases of child abuse or neglect to the proper agency. In so reporting, no allegation is made against a parent or caregiver. Rather, it is a judgment by the school that the child may be presenting signs of abuse or neglect.

### Child Custody

At the time of school entry or at any other time when a change in custody status/arrangements occurs, it is the responsibility of the parent(s) to provide the principal with a copy of the legal document from the parent for any student for which there is a legal custody agreement or for any student not residing with his/her parent.

School communication with the appropriate guardian is essential. Accordingly:

- Custodial parents must identify in writing other adults who may have access to information regarding their child.
- Non-custodial parents may receive information (when requested) regarding the child unless specific documentation to the contrary is provided in the legal custody agreement.

Non-custodial parents may pick up a child only if written the custodial parent has granted permission.

### Communication

Since, as parents, you are the child’s first teachers, you are our partners in education. Therefore, regular communication with you is an essential part of your child’s school experience. Scheduled parent conferences allow teachers and parents to discuss student achievement as well as to develop means to assist students in areas of difficulty.

A parent may request a meeting with a teacher at any time by simply sending a note to the teacher in question and the teacher will arrange for this meeting outside class time at a mutually convenient time. The meeting should take place in the classroom or someplace that ensures privacy; never in a hallway or on the street. A parent who is refused such a meeting should notify the principal.

Parent-teacher conferences will be scheduled each year in conjunction with report card distribution to provide an opportunity for in-depth discussion of student growth. Parent-teacher conferences are required at the end of the first marking period. Teachers are expected to be reasonably available to parents throughout the school year in order to keep open the lines of communication in the best interest of the students.

### Confidentiality

There is a professional, legal and moral ethic that requires all persons to safeguard all student information of a privileged nature.

It is imperative that such information be regarded as a sacred trust.

- If there is evidence of knowledge that could impact the health or safety of any person, the teacher has the responsibility to share the information with the principal.
- Under Section 423 of the Child Protective Services Act, school officials are required to report when they have reasonable cause to suspect that a child coming before them in their professional or official capacity is an abused or maltreated child. (See section on Child Abuse.)
The rules that govern privileged information apply, as well, to any personal or academic information that is discovered through daily classroom instruction or other social interaction with students, parents or peers. Always, the sense of confidentiality should prevail.

**Contacts with the Media**

Parents have the right to exclude their children from videotaping, audio recording, school pictures, other photography or participation involving printed materials or on the Internet. Parents should provide such documentation to the school office; otherwise, they must fill out the media authorization release form.

**Crisis/Emergency Information**

Should a crisis require evacuation from the school building, students will be brought to a safe place located at Murray Avenue School and parents/guardian should meet them at that location.

Catholic schools throughout the Archdiocese of New York utilize the Immediate Response Information System (IRIS Alert) to notify parents directly about the crises.

For further information concerning the crisis, parents can refer to the following:

- **Radio Station:** WOR Radio
- **TV Station:** NY area network channels or Channel 12 on Cablevision
- **On the Internet:** Mamaroneck Patch News

To avoid interruption during the school day, any messages, forgotten lunches, books, boots, etc., must be taken to the office and not to the classrooms while school is in session. The school office will see to it that the child receives these items.

**Discipline Code for Student Conduct**

The goal of discipline in a Catholic school is for students to learn self-discipline, which strengthens and promotes the values incorporated in our Catholic faith community. As the school builds community, it develops in students the awareness that sensible rules serve to safeguard the individual's freedom and provide an atmosphere conducive to learning. Disciplinary measures should have as an end the development of the human person who respects one’s self, other persons and those in authority.

By enrolling a child in this school, the parent agrees to be supportive of the rules and regulations that we deem as critical in the spiritual, academic, and behavioral growth of the child.

Teachers discipline students directly for minor classroom disruptions (i.e., not coming prepared to class; not being in the complete school uniform; not completing assigned homework; minor verbal disputes with other classmates; etc.). Parents are notified of classroom problems by the teacher and are asked to help the teacher to ensure that inappropriate behavior is modified.

Teachers are not permitted to use corporal punishment on any child. Perceived acts of corporal punishment should be reported to the principal of the school immediately by students and/or parents.

It happens that some classroom discipline issues are referred to the administration of this school. This would include chronic minor problems listed above or major problems (i.e., chronic lateness; verbal abuse of the teacher by a child; signs of disrespect to a teacher or another adult on the staff; fighting; physical, sexual, or verbal harassment or bullying of a fellow student; violent behavior; stealing; smoking; vandalism; or the possession of drugs, drug paraphernalia, cigarettes, alcohol, or dangerous items or a weapon). The administration handles such matters in a variety of ways depending on the severity of the incident.

The school employs a progressive discipline system for minor acts of misbehavior in order to encourage students to change inappropriate behavior so that sanctions do not increase in severity. **For acts such as but not limited to: cursing, lying and not submitting homework in on time, may result with students spending time at lunch discussing with the principal or assistant principal or teacher better behavior options. If the offenses continue the loss of recess will be added.** Repeated violation of minor acts of misbehavior may result in suspension from school or the non-re-registration of the child for the next school year.

For more serious acts of misbehavior such as, but not limited to, fighting, stealing, vandalism, and harassment, the student is immediately suspended for a period of one to five days. In cases of vandalism, the parent must pay the full cost of the repair or replacement of the item before the child may return to school. In cases of theft, the item is either returned in good condition or the cost of replacement is borne by the parent before the child can return to school.

In cases where a child engages in a fight, which causes injury to another child or adult, the police may be summoned and, then, the parents will be notified. Likewise, the possession of drugs or alcohol by a child is reported to the police. The school reserves the right to request an expulsion from the Superintendent of Schools for such an offense.
Individual-directed threats of violence or harm communicated directly or indirectly by any means, as well as building-directed threats of violence or harm communicated directly or indirectly by any means (e.g., shooting, bomb threats), or to harm students, employees, or visitors are taken seriously. Upon knowledge of the threats, the principal will notify the Regional Superintendent and call the parents. The Office of the Superintendent will also be notified and, along with administration, will determine the course of action to be taken up to and including calling law enforcement, requiring a mental health referral and/or expulsion.

In cases in which a child brings a weapon to school, the police are summoned, and then the parents are called. The school reserves the right to request expulsion by the Superintendent of Schools for any serious offense.

It is the expectation of this school that student behavior is exemplary both on and off school grounds. A student always represents the entire school community. Therefore, the school reserves the right to discipline students for acts such as, but not limited to: stealing, fighting, vandalism, bullying or any other type of threatening or inappropriate misconduct (personally, via telephone, or the internet). Such misconduct could result in punishments including the suspension and/or expulsion.

Lastly, a child’s arrest for a crime on or off of school grounds, within or beyond the vicinity of the school, at any time could result in the child’s suspension or expulsion. A child’s conviction of a crime on or off of school grounds, within or beyond the vicinity of the school, will likely result in a child’s expulsion.

**Dress Code**

*Pictorial description is provided here for reference to the uniform requirements.*

Your school uniform confirms your attendance at the school and is a symbol of unity within the school community. It minimizes distractions in the learning process. It is important that you take pride in your appearance by wearing your complete uniform always remembering that by wearing it inside and outside the classroom and the school you are representing the school and your behavior should be a credit to both yourself and the school community.

**Girls and Boys:** The presence of anything that proclaims a current fad is not permitted.

During the cold weather, students may wear the **navy blue school fleece. Other types of sweaters or sweatshirts may not be worn.**

**Personal Appearance**

* A good personal hygiene routine should be followed daily: ears, neck, and fingernails should be given special attention. When appropriate, children should be instructed in the use of deodorant.

Uniforms should be neat and clean.

Hair should be clean and well groomed. The boys’ hair must not be below the shirt collar. Bangs should not be so long that they impede vision.

Parents will be notified if a child comes to school consistently in an unkempt manner. If no improvement is noticed within a reasonable amount of time, school officials will make an appointment with the parents and with the guidance office.

Drug and Alcohol Policies
In recognition of the seriousness of drug and alcohol problems to which the children are exposed, school will follow the policy as stated below:

- If a teacher suspects that a child is under the influence of either drugs or alcohol, the matter will be referred to the principal immediately;
- The principal will verify the teacher's observation and will notify parents,
- If the student confirms suspicion or appears unstable, student should be brought to the attention of the School Nurse (as per the Emergency Guidelines)
- If necessary, the principal will call 911 (as per the Emergency Guidelines)
- The police may be called if the student is in possession of an illegal substance (as per the Emergency Guidelines),
- Parents must pick up the child immediately should it be determined that the suspicion is founded. Parents will be expected to follow the recommendations of the school principal if the child is to continue in the school; and
- Any student who appears to be under the influence of alcohol or any drug, and appears at a school function in questionable condition, will be barred from attending or participating in that ceremony, party, dance, or school outing. Parents will be notified and appropriate action will be taken, which may include suspension or expulsion from the school.

Electronic Devices
Electronic devices may be dynamic tools in the 21st century school environment, but only when used appropriately by faculty, administration, staff, and students.

The use of electronic devices by faculty, administration, staff and students must be appropriate to the educational setting, and may not distract the student, other students, or the class as a whole during the course of the school day and after school. (i.e., cell phones, Pads, iPhones, Smart Watches and other personal electronic devices). In the event an electronic device, including a student cell phone, is believed to contain evidence of a violation of school policy and/or a threat to the school community, the individual possessing the electronic device is obliged to grant the administration of the school access to the device and the information on the device to ensure compliance with policy and the safety of the school.

Inappropriate use of any electronic device may result in serious consequences as stated in the school's Technology Use Policy.

In addition to the statements below with regard to technology use at Sts. John and Paul, the Computer Science teacher provides a separate contract for all students and their parents to sign covering the use of technology and access to the Internet at school. No class will log onto the Internet at school until the entire class returns their contracts signed.

Emergency Closings/Delayed Openings
- The schools in the Archdiocese of New York follow the policy of local public schools when closing due to inclement weather, loss of power or other issues.
- In addition to following the lead of New York public schools, Catholic schools may find it necessary to make closure decisions independently, based on local situations. Schools rely on public school districts for bus transportation will follow the delayed opening and/or closing policy of the local district.
- Catholic schools throughout the Archdiocese of New York utilize the Immediate Response Information System (IRIS Alert) to notify parents directly about delayed openings and closures due to weather. The school will also post schedule changes on our website.
- When a school in the Archdiocese is closed for the day due to inclement weather or other unforeseen situation, the following will apply:
  - All school-related extracurricular activities, interscholastic contests, team practices and field trips will be cancelled
  - After School and/or extended day care programs will be closed all day.
Expectations and Responsibilities for Students

Students attend the school in order to develop fully their God-given talents and capabilities. To accomplish this, students are asked to:

- Do their best work at all times.
- Treat all members of the school community (i.e., teachers, staff, priests, parents and students) with respect. This includes respecting the work of others by not cheating.
- Obey all school rules and regulations, including those forbidding the use of drugs, alcohol, cigarettes, or disruptive behavior.
- Develop personal standards of conduct that reflect Christian morals and behavior, and refrain from use of inappropriate language, verbal threats, and sexual behavior (including touching, gestures, writing, and dress).
- Speak in a well-modulated tone of voice.
- Observe the school dress code, including standards on no-uniform days.
- Help care for school property and keep the school free from damage and defacement.

Extracurricular Activities

Students are encouraged to participate in the extracurricular activities of the school. Participation in these activities is a privilege. Students are expected to fulfill their obligations in the classroom (class work and homework). In order to participate in extracurricular activities, students must pass each subject on their report card and model acceptable behavior both during the school day and during the selected activity. Failure to meet academic or behavioral requirements will result in the student’s suspension or dismissal from the activity. Participation in these activities requires a commitment of both student and parent. Attendance will be taken at each activity to determine a student’s participation. In individual cases regarding participation in extracurricular activities, the principal holds the final determination.

Faculty Meetings

Faculty meetings are scheduled at the discretion of the principal. Where there is an early dismissal for such days please check the school calendar.

Field Trips

Field trips must serve an educational purpose and their value should be an integral part of the school’s instructional program. They broaden the students’ educational experiences. Field trips are privileges given to students; no student has a right to a field trip.

It is the policy of the schools within the Archdiocese that overnight trips, trips to water parks, amusement parks, dude ranches, beaches/pools, and ski slopes are strictly prohibited.

- Field trips are designed to correlate with teaching units and to achieve curricular goals.
- No Cell Phone use on field trips. Phones must be turned on to Airplane mode at all times.
- No pictures may be posted on social media due to privacy.
- Field trips vary on each grade level.
- Field trips are permissible when advanced planning, location, and the experience ensure a successful learning opportunity.
- Individual teachers in consultation with the administration reserve the right to restrict or deny student participation on any field trip due to, but not limited to, poor academic performance and/or poor conduct or behavior.
• A written official permission slip, signed by the parent, is required before a child will be permitted
to attend a field trip. Verbal or faxed permission cannot be accepted. Permission slips are due
in the office 48 hours before the day of the trip.

Financial Policies

We make every effort to keep tuition and fees as affordable as possible. We also understand the financial
sacrifice that parents make to send their children to Catholic school. The majority of the School’s funding is
derived from tuition and fees. The school must operate in a financially sound manner in order to provide a
quality Catholic education for each and every one of our students.

1. TUITION Schedule: Grades Pre-K - 8

The school's expectation at the time of registration is that all tuition and fees will be paid on time. Failure
to do so could result in the suspension of a child for delinquent tuition or fees.

Tuition is due based on your contract with FACTS Tuition Management. Tuition should be paid monthly
directly to FACTS Tuition on the designated day it is due. If a family chooses to withdraw their child(ren)
from the school, partial or full month tuition refunds will not be granted if the child(ren) attended one or
more days that month.

WITHDRAWALS AND REFUNDS

Considerable effort and expense is expended throughout the registration period and continues during the
summer months as we plan and prepare for your child’s inclusion in our school community. We understand
that plans and circumstances sometimes change. Should you decided to withdraw your child, the following
policy applies:

• If written notice of withdrawal is received by the school on or before August 15, the entire tuition
  obligation will be waived, and any payments made will be refunded upon written request to the school
  with the exception of all non-refundable fees.

• If written notice of withdrawal is received by the school after August 15th and the student does not
  attend, 90% of the tuition will be forgiven. The family is obligated to pay the remaining balance of
  10% of the annual tuition as billed. If payments were made in excess of 10% of the annual tuition, a
  refund for that amount will be refunded upon written request to the school.

• If a family chooses to withdraw their child(ren) from the school once they begin attending, the family
  tuition obligation will be calculated as follows:

<table>
<thead>
<tr>
<th>Withdrawal Date</th>
<th>Annual Tuition Obligation</th>
</tr>
</thead>
<tbody>
<tr>

<td>80% of tuition forgiven; family obligation 20%</td>

• Calculations will be based on the last month in which the child(ren) attended one or more
days of school. If payment has been made in excess of the family obligation, a refund will be
granted upon written request to the school.

• Student records can only be provided to the child’s new school upon satisfaction of the tuition
obligation.

---

**Fire & Emergency Drills**

Fire & emergency drills at regular intervals are required by the law and are an important safety precaution. It is essential that when the fire signal is given, everyone obeys promptly and clears the building by the prescribed route as quickly as possible. Students are not permitted to talk during a fire drill and are to remain outside the building until a signal is given to return inside. Teachers will direct the students. For other emergency drills (e.g. lockdown drills), students are expected to remain quiet and follow teacher directions.

**Guidance**

A guidance program is a resource available to the school students. Service may include counseling, psychological intervention and support for families experiencing change. Archdiocese Drug and Alcohol Prevention Program (ADAPP) provides this service to Sts. John and Paul. A counselor is at the school twice a week.

**Guidelines for the Education of Non-Catholics**

Parents must be made aware of the intentional Catholic witness in our schools. As a Catholic school within the Archdiocese of New York, our school has as its primary mission the formation of children in the Catholic faith.
All children will participate in total academic life of our school, including religious education. According to the norms of our Church, it is expected that non-Catholics participate as fully as they can in the liturgical and prayer life of the school.

The religious educators of our schools are committed to teaching the fullness of revelation as it is taught by the Roman Catholic Church and as the life and doctrine are set forth in the Religious Education Guidelines of the Archdiocese of New York. While our teachers value ecumenical education, and respect the traditions of other ecclesiastical communities, they always teach within the context of fidelity to the doctrine and traditions of our teaching church.

**Harassment/Bullying Policies**

All persons have a right to be treated with dignity and in a Catholic school environment all demeaning behavior is unacceptable. Students, parents or guardians who become aware of acts of bullying or harassment involving any student must report these incidents to the principal.

The school provides a safe environment for all and participates in the ADAPP anti-bullying curriculum annually. Verbal, internet, telephone, or written threats made against the physical or emotional well-being of any individual are taken seriously. Students making such threats, even in jest, face appropriate disciplinary action including detention, suspension, or expulsion. The principal investigates all complaints of harassment and bullying. Students determined to have been involved in harassing and/or bullying behavior are subject to detention, suspension, or expulsion and, where appropriate, will be referred for counseling services and/or reported to the local authorities.

Harassment, intimidation or bullying includes, but is not limited to, written, verbal, or physical acts, which physically harm a student or damages the student’s property or has the effect of substantially interfering with a student’s education or is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment or has the effect of substantially disrupting the orderly operation of the school. Harassment, intimidation or bullying can take many forms including: slurs, rumors, jokes, innuendos, demeaning comments, drawings, pranks, gestures, exclusion or other forms of relational aggression, or physical attacks, actions or threats. Actions may take any form including written, oral, physical or electronic.

These behaviors, which are contrary to the teachings of the Catholic Church, are prohibited in all Catholic schools in the Archdiocese of New York and will not be tolerated regardless of time or place.

No student shall be subjected to bullying and harassment on the basis of actual or perceived traits or characteristics i.e., age, color, creed, national origin, race, religion, gender, physical attributes, physical or mental ability, ancestry, political beliefs, socioeconomic status, or familial status.

**HIV/AIDS Curriculum**

The Archdiocese of New York and the NYS Education Department mandate that all schools within the Archdiocese are to give age-appropriate instruction on HIV and AIDS to all students in Grades K –12. The schools within the Archdiocese use an HIV/AIDS Handbook developed and approved by the Catholic Bishops of the State of New York.

Schools under the authority of the Office of the Superintendent of Schools of the Archdiocese of New York does not discriminate on the basis of HIV or AIDS. Students with HIV or AIDS shall not be excluded from school by reason of infection with HIV unless the following conditions are evident as determined by the student’s physician and parents (or legal guardian), together with the school administration.

- The student is not toilet-trained or is incontinent, or unable to control drooling.
- The student is physically aggressive, with a documented history of biting or harming others.
Illness (see Medication)
If a child has an illness or chronic medical condition, it is the parent’s responsibility to notify the school and to provide necessary documentation and medication. The school reserves the right to call 911 in any case of a medical emergency.

Immunizations
Students are required to have all inoculations as required by the Department of Health before admission to and for continued attendance at the school. See appendix for most current information published by NYC and NYS Departments of Health. It is the responsibility of the parents and their personal physician to ensure that, as immunization requirements change, students are kept current in their schedule.

Lateness
Student lateness interrupts the learning process for your child and all other children in that classroom. Any student arriving at school after the published opening time is considered late. If late, the student may be admitted to class only with a late pass, obtainable in the main office. Repeated lateness affects your child’s ability to be on the honor roll, may lead to disciplinary action and could impede your child’s re-registration for the coming year.

Liturgy/Religious Education
All Catholic elementary schools will follow and adhere to current Archdiocesan policies and curriculum guidelines in religion.

Students in grades 3 through 8 are required to take a Mid-Term Religion Examination and the Archdiocesan Religion Midterm and Final Religion Examinations.

Non-Catholic students are expected to participate in the religious formation and education programs of the school, including, but not limited to, liturgies, religious functions, and religion classes for credit. Parents of non-Catholic students must be willing to accept the standards, values, and regulations of the school. They must understand the religious education program of the school at the time of enrollment.

- In good weather, the children go directly from lunchroom to the playground or vice versa.
- During inclement weather, the lunchroom will have playtime in their classrooms.
- If a child normally eats lunch in school every day and will be eating out on a particular day, a note must be presented to the teacher giving the child permission to eat out for the day. A designated adult must pick up and return the student within the lunch period. TELEPHONE PERMISSION FOR THE CHILD TO LEAVE SCHOOL IS NOT ACCEPTABLE.
Maternity/Paternity Policies

As members of the Church committed to the preservation of life at all levels, the Catholic school must act in ways consistent with that commitment. Catholic schools - elementary as well as secondary - are faced sometimes with the situations of unwed mothers and fathers. School officials will consider carefully the consequences of any policies that are adopted. At the very minimum, students will be encouraged to finish their work and to receive grades and diplomas. The principal makes the decision concerning a student's continued school attendance, after consultation with his/her parents or guardians, and in consideration of the best interest of the student, the unborn child, and the school's educational expectations.

Student Abortion Policies

_The Catholic Church teaches definitively and without question that life begins at conception. Pope John Paul declared that the Church's teaching on abortion is “unchanged and unchangeable… since it is the deliberate killing of an innocent human being.”_

_Policies:_
1. If a student decides to obtain an abortion, and if a school learns of it after the fact, she will be allowed to return to school only if she accepts counseling from a counseling program approved by the Office of the Superintendent of Schools.
2. If a student refuses counseling, she will not be allowed to continue as a student at the school.
3. The counseling requirements stated in Policies 1 and 2 also apply to the student who is considered the paternal father.

_Guideline:_
1. In the event a student decides to obtain an abortion despite being counseled by the school beforehand, the continued status of the student’s enrollment in the school will be determined by the school administration. Factors such as the parents’ role in the decision to abort should be taken into consideration.

Medications

If a student needs any kind of medication during the school day, it is the parent/guardian’s responsibility to bring the medication to the school nurse (or school office in the absence of a nurse) to be kept there. A written statement from the parent or guardian requesting administration of the medication in school as ordered by the licensed prescriber is required.

Medication must be presented in a properly labeled container. Prescription medication must be in the original container. On the prescription medication, the pharmacy label should display:

- Student name
- Name and phone number of the pharmacy
- Licensed prescriber name
- Date and number of refills
- Name of the medication and dosage
- Frequency of administration

Medication should not be transported daily to and from school. Parents should be advised to ask the pharmacist for two containers – one for home and one for school.

The school may receive a written request from a parent or physician to permit a student to carry and self-administer his or her own medication. Under certain circumstances, it may be necessary to do so. Such a decision will be made on a case-by-case basis and will reflect the age and maturity of the child, as well as:

- Severity of health care problem, particularly asthmatic or allergic conditions
- Prescriber order directing the student be allowed to carry his/her medication
- Written statement from parent requesting compliance with prescriber order
- Student has been instructed in the procedure for self-administration and can assume this responsibility
- Parent contact is made to clarify parental responsibility in monitoring the child on an ongoing basis to ensure the child is carrying and taking the medication as ordered.
Money
Money that is brought to school for a specific purpose (class trip, book fair, milk money, etc.) - must be put into an envelope with the child’s name, grade and amount. Since snacks are sold on a daily basis, students may choose to bring in small amounts of money (less than $5) for such purchases. If a student does bring money to school, the money should be kept on the student’s person and not left in the school bag, coat pocket, lunch box, or desk. The school cannot be responsible for lost money.

Parents as Partners
Just as the parents look to the school to provide the facilities and the trained personnel that are essential to their child’s proper development, so the school looks to the parents to assume active responsibilities that cannot be delegated to others.

No school can be wholly effective in teaching the values of religion and the virtues of honesty, respect for authority, consideration for the rights and property of others, and standards of personal morality and integrity unless these principles have been established, upheld, and valued in the home. If parents cooperate with the school, instill respect for the integrity of its teachers and administration, and actively support their authority in the home, this is likely to be reflected in the positive attitudes of their children. Parents are invited and encouraged to participate in the spiritual and academic programs developed for the education of their children. The wide spectrum of this involvement includes participation in school celebrations of prayer and liturgy, volunteer work, participation in parent-teacher conferences, attendance at meetings and seminars designed to help parents assist their children at home, and active involvement in the school's parent/teacher organization.

Parents are asked to take an active role in their child’s education by:

- assisting their child in his/her academic and moral development by carefully reviewing class work, test results, progress reports, and report cards; supervising home study; and reinforcing school policies.
- explaining and reviewing periodically the school behavior code with their child. Parent should discuss school disciplinary episodes in relation to the school behavior code.
- recognizing their child’s talents and interests so they may be developed in cooperation with the classroom teachers.
- seeing that the dress code, including gym uniform, is enforced, and insisting that children dress according to Christian virtue.
- insisting on their child’s regular school attendance and punctuality and on complying with attendance rules and procedures.
- making all tuition and fee payments on time, and participating in fund-raising activities.
- providing proper supervision at home, and not tolerating harassment, inappropriate or violent behavior, or viewing of such in videos, movies, song lyrics, and on the internet.
- teaching their child respect for law, for authority, for the rights of others, and for public and private property. This includes showing respect for the work of others by not tolerating cheating in any circumstance.
- arranging for a time and place for their child to complete homework assignments.
- working with the school in a cooperative effort to carry out recommendations made in the best interest of their child, including those related to educational evaluations and counseling.
- attending all Parent-Teacher Conferences and Home-School Association meetings.
by always interacting in a respectful manner when speaking with or about the administration, teachers and staff of the school. Verbal abuse or physical harassment may result in your child being required to withdraw from the school immediately or not being allowed to re-register for the following year.

The education of a student is a partnership between the parents and the school. Just as the parent has the right to withdraw a child if desired, the school administration reserves the right to require the withdrawal of a student if the administration determines that the partnership is irretrievably broken.

Parent Organizations
The PSPA – Parish School Parents Association, provides an effective channel of communication between parents and teachers for the benefit of the students and the whole community. Its main purposes are:
- to create mutual support and understanding between home and school, and thus bring about a total learning environment for students.
- to provide a means for keeping parents informed of school activities, programs, etc., and if any, parent service requirement.
- to assist the school in meeting its financial obligations, primarily through fund-raising activities.
- to provide adult education programs.

Philosophy and Goals
Saints John and Paul School endorses the call of the Catholic Bishops of the United States to express its educational ministry through the three objectives of personal spirituality, social justice, and a strong academic program in accord with Christian values. This commitment extends to building Christian community and to fostering Christian service to the whole human family.

Re-registration
At the time of re-registration parents will be notified if their child is being invited to return to the school in September or if the child is not being invited back. If the re-registration fee is not completed by the due date as outlined by the school, we cannot guarantee a seat for your child in the upcoming school year.

Release of Students (during school day)
The school has a sign-out book located in the main office. Occasions for the use of a sign-out book are:
- in the event of a student illness, the parent or an adult designated by the parent must come to the school and take the child. It is against the law to dismiss a child during school hours except into the direct custody of a parent, guardian, or an adult designated by the parent. If the parent cannot be contacted, the secretary will contact the name listed on the child’s emergency contact slip. Emergency slips are completed in September and must be updated as necessary.
- for liturgies and services when altar servers leave the school, the students will sign out and in.
- when a student is released to a parent or guardian, that adult (must be 18 years of age or older) must sign the book.
- for a prearranged appointment when the student is released, the parent, guardian, or approved adult must sign the book. [Please note: only the principal or administration in the school office may approve the release of a student for a prearranged appointment.]
School Calendar
A yearly calendar is distributed at the beginning of the school year. Please refer to the School Monthly Calendar on line for any revisions to the Yearly School Calendar.

The Mid-Year and End-Year Examination schedule for Grades 5-8 will be sent to parents when dates have been finalized.

School Publications
All student or parental publications are subject to review and approved by the school administration prior to publication. The principal must have on file all current log-in information for any digital publication, email or social media accounts that represent or use the school name. Parents, volunteers and external consultants must submit any and all postings for approval in advance. Maintaining a positive public image for the school is the responsibility of the principal and Superintendent’s staff.

School’s Right to Amend
The school reserves the right to amend this handbook without prior notice. Notice of amendments will be sent as necessary.

Security
To assure the security of the building and the safety of each child, the school strongly enforces its policy of requiring all visitors, even parents, to report to the office.

To avoid interruption of the learning process, no one may enter a classroom without permission of the principal or administration in the school office.

The school has a crisis management manual and each classroom has a school emergencies resource flipbook.

Sex Offender Policy
This notice is to remind you of the importance of taking steps to keep your child safe when he or she is involved in outdoor activities, including traveling to and from school. The following are some safety tips that we hope you will share with your children:

- Students should never go home with strangers.
- Students should never talk to strangers.
- Students should never take things from strangers.
- If students are approached by strangers and are still near the school, they should be encouraged to return to the school and immediately inform a staff member.
- Young students should be escorted to and from school.
- Older children should be encouraged to walk/travel to school in groups whenever possible.

The teachers at our school will also remind students of the importance of not responding to strangers and actions each child should take if approached by a stranger, including reporting it to responsible adults.

In addition, over the course of the school year, we may receive from the local police department notification under the New York State Sex Offender Registration Act that a registered sex offender has moved into the region where our school is located. Copies of all the notifications we receive will be kept accessible to parents in the principal’s office. You can also find information about registered sex offenders on the NYS Division of Criminal Justice Services website, located at http://www.criminaljustice.state.ny.us -- or by calling 1-800-262-3257.

Finally, if our school is notified during the school year that a registered sex offender has moved within the vicinity of our school, further notice will be sent to you.

These procedures are part of our continuing effort to provide a safe environment for all children in this school.
Smoking

New York State Law prohibits smoking in a school building and on school property. Smoking is prohibited at all times in the school building, on its parking lot and playing fields. This prohibition applies to faculty, staff, parents, and all visitors to the school. This policy includes cigarettes, cigars, pipe or any other matter or substance containing tobacco, as well as the use of electronic cigarettes (e-cigarettes), personal vaporizers, vape pens, e-cigars, e-hookah, vaping devices, mod systems, pod systems or any similar system.

Special Learning Needs

Students with learning differences are children of God and members of the Church. The school makes every effort to meet individual student needs by providing accommodations. Sometimes, however, a student may have needs that do not permit him or her to benefit fully from the program. In those cases, your child’s teacher and/or principal may schedule a meeting with you to discuss having an evaluation of your child’s learning needs. Such evaluations can be done through the local public school district, i.e., Committees on Special Education (CSE’s), or privately.

Once the results of the evaluation are available, parents/guardians are obligated to share educational/psychological testing results and any resulting plan with the school. The parent/guardian must make an appointment to meet with the principal to discuss the results of the evaluation and the recommendations, and provide a copy of the Individualized Education Services Plan (IESP).

If a student transfers in from a public school with an Individualized Education Plan (IEP), the parent/guardian must go back to the Committee on Special Education (CSE) to get an IESP.

When a student qualifies for a 504 Plan, the principal will meet with the parent/guardian to review and discuss the 504 Plan, and will then notify the parent of any reasonable accommodations/modifications that can or cannot be made at the school. If reasonable accommodations can be made, a Student Assistance Plan (SAP) will be written and a copy of the plan will be placed in the student’s confidential file. The accommodation/modifications will be reviewed yearly. If the school cannot make reasonable accommodations, the school reserves the right to negate enrollment of the student.

Summer School

Since most summer schools offer reading, mathematics, and language arts, a student who has failed in one or more of these subjects in three marking periods of the report card will be required to take a remedial course during the summer. Summer school also may be recommended due to poor performance on standardized tests or in the classroom.

In May, a list of available summer schools in the Archdiocese will be available upon request. Whenever the administration becomes aware of quality programs suited to the specific needs of a child, the principal or the assistant principal will notify the parent directly.

The summer school report card must be submitted to the office in September. Failure to attend summer school will result in retention. It is the parent’s responsibility to provide documentation that summer school has been successfully completed. In cases in which tutoring is allowed for the remediation, it must be undertaken by a qualified teacher.
Telecommunications Policy
SOCIAL MEDIA GUIDELINES

The principal of the school is responsible for maintaining all administrative logins for all social media outlets, blogs or any school-branded media outlets in existence now or in the future that contain the school name. Principals must be mindful that their school’s social media may be linked to the Superintendent of Schools Office and the Archdiocese of New York media accounts.

All domain names and access must be owned, secured and maintained by the school principal. UNDER NO CIRCUMSTANCES are these administrative logins, permissions or oversight to be delegated to any parent, volunteer or external vendor separate and exclusive from the principal.

In addition to the login and administrative rights to the school website and all current or future social media outlets (Facebook, Twitter, Instagram, etc.) the principal is also responsible for reviewing and approving the content on such sites.

All social media content must follow the Standards of Behavior for student internet use and must reflect the standards and mission of the school.

Electronic devices may be dynamic tools in the 21st century school environment, but only when used appropriately by faculty, administration, staff, and students. Cell phones must be powered off during the school day. Cell phones or electronic devices that have internet or photo capabilities are not permitted in the lavatories. Therefore, they must be placed in the Classroom Cell Phone Caddy before going to the lavatories.
Student Expectations in Use of the Internet

Telecommunications Policy

Student Expectations in Use of the Internet

The use of the Internet is a privilege, not a right, and inappropriate use or violation of any of the following standards will result in serious consequences and could result in expulsion from the school.

1. Use of the computer at school is limited to school related activities. Internet users are expected to behave responsibly in accessing and viewing information that is pertinent to the mission of the school.

2. Vandalism and other infractions of school policy while using the Internet will result in immediate cancellation of privileges along with disciplinary action.

3. After School/Home Access requires students to follow the same student expectations as stated in the “Discipline Code for Student Conduct” and “Harassment Policies” in the student handbook.

4. Students must abide by the generally accepted rules of network etiquette both inside and outside school.

5. Students are responsible for their explorations on the Internet and are subject to the consequences of the school’s discipline policy.

6. Students must sign a contract indicating their understanding and acceptance of the school’s guidelines (see parent/student handbook).

7. Parents must give their permission for their child to use the Internet for educational purposes as an individual by signing the Contract Form once conditions are clearly understood. Parents also have the option of denying permission for their child to use the Internet independently at school.

Standards of Behavior

- Be courteous and respectful in your messages to others.
- Use appropriate language. Do not use vulgar, harassing, obscene, threatening, bullying, abusive, or sexually offensive language, or make any statements that are slanderous or disparaging of any students or adults.

- Never expose yourself in an inappropriate, vulgar, or sexually offensive manner on any website or via e-mail, either in pictures or videos.
- Illegal activities are strictly forbidden.
- Do not reveal your home address or phone number, or that of other students or staff.

Software applications and games from home may not be used on school equipment without proof of licensure and prior approval of appropriate school personnel.

Do not reveal personal passwords, use or try to learn others’ passwords. Do not copy, change, read or use another user’s files without prior permission from that user. Do not attempt to gain unauthorized access to system programs for computer equipment.

Do not post personal messages on bulletin boards “list servers or social media platforms.” Send personal messages directly to the person to whom you want to write.

Do not use the network in such a way that you would disrupt the use of the network for other users.

Do not waste or take supplies such as paper, printer cartridges, and diskettes that are provided by the school.

Talk softly and work in ways that will not disturb other users. Keep computer work areas clean and do not eat or drink in the computer lab.

The use of cell phones, camera phones or other digital media is prohibited during the school day. Cell phones, camera phones, or other personal electronic devices will be confiscated if students use them during the school day without permission. In addition, any student who uses a camera, camera phone or other personal electronic devices in school or in the classroom / lavatories for any reason may be suspended. Further disciplinary measures including expulsion, will be considered depending on the nature of the camera, camera phone, or personal electronic device use.

Technology Use outside normal academic hours and/or off school grounds (including but not limited to cell phones, e-mail, text messages, camera-phones, cameras, iPads, iPhones, etc., are subject to the same guidelines as previously cited in the “Discipline Code for Student Conduct,” “Harassment Policies,” and the “Summary Statement.

The school reserves the right to seek financial restitution for any damage caused by a student or other user. The system administrators will deem what is inappropriate use, and their decision is final. The administration, faculty, and staff of the school may request the system administrator to deny, revoke, or suspend specific privileges. Violation of the rules and code of ethics described above will be dealt with seriously.

Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret. The use of school computers and networking resources for commercial activities is not permitted. Their use for product advertisement or political lobbying is also prohibited.

Use of School Grounds
The school does not have staff available to supervise students present on the school grounds before 8:00 AM and after 3:15 PM. Students must not arrive on the school grounds prior to 8:00 AM and parents must arrange to pick up at dismissal times.

Withdrawals and Transfers
A transfer request must be obtained from the school secretary. All books must be returned. All bills must be paid before records are transferred to another school.

When a student transfers from one school to another, or enters high school, the new school may request a copy of the permanent record and health card from the former school.

Schools may disclose a student's cumulative record (i.e. permanent record, attendance record, test results) to another school with legitimate educational interest if a written request is made and when a custodial parent/guardian has given written permission for the release of the child’s records. Parent/guardian signature is required for release of a student's confidential file (i.e. special education records, psychological reports, disciplinary records, anecdotal information, or reports by the school counselor).

At the discretion of the principal, each school has the right not to certify the student's graduation or provide transcripts of the student's academic record to third parties such as other schools, colleges, or employers, or to issue a diploma to the student, if there has been a breach of a material condition of the educational contract (i.e., failure to meet financial obligations, infractions against the school's code of conduct, etc.).

The school reserves the right to request the parent to withdraw his/her child from the school due to serious disciplinary issues.

Summary Statement

Once students have met the necessary admission requirements and have been accepted in the school, the school warmly welcomes these students for the coming school year and will strive to provide them with a solid Catholic spiritual and academic education in a supportive learning environment. Students and parents must always be mindful that attendance at the school is by invitation. It is not a “right” because this is a private school. Admission to and continued enrollment in this school include responsibilities regarding conduct, both inside and outside the classroom and school, and students are expected to conduct themselves in such a manner as to be a credit both to themselves and to their school.

In order to protect its standards of scholarship, discipline and character, the school reserves the right, and students and parents or guardians concede to the school the right to require the withdrawal of any student at any time, for any reason deemed sufficient in the sole discretion of the school and its administrators. By the student’s attendance at the school, a student and his or her parents or guardians acknowledge the important obligations and restrictions contained in this handbook and agree to be bound by the terms of this handbook.

Students attending the school relinquish certain rights they might otherwise be entitled to if they were attending a public school. For example, a student’s freedom of speech is limited in many important respects here at our school. Speech, either written or oral, contrary to the Roman Catholic faith, the teachings of the Church or the directives of the local Bishop or Ordinary is prohibited, as is any other speech which is contrary or debilitating to the philosophy and purposes of our school. Another important right all students at the school surrender involves searches and seizures. School administrators may search a student’s person and belongings if there is a reasonable belief, in the sole opinion of the school administrator, that contraband, illegal substances or inappropriate objects are being concealed. Any unauthorized items found may be seized. Additionally, student desks and lockers, which are at all times under the joint control of the school and the student to whom the desk or locker has been assigned, may
be searched by school administrators at any time, for any reason or for no reason at all. Students should have absolutely no expectation of privacy with regard to any item in their desks or lockers.

Another important right that a student and his or her parents or guardians give up when they decide to have a student attend this school is the right to sue the school, the parish, the Catholic School Region Corporation, or the Archdiocese of New York, and/or any individuals acting on behalf of the school, such as the school administrators, teachers, staff or any of their agents for any matter relating to academic or disciplinary decisions or other matters covered within this handbook. Each student and his or her parents or guardians, by their acceptance of enrollment at the school, agree to and accept the school’s rule and policy that students, parents and guardians may not bring any civil action in any local, state or federal court or in any administrative agency or body to challenge any school decision on academic or disciplinary matters, including any decision relating to the rules, regulations, procedures or programs covered within this handbook. Students and parents or guardians agree that any challenge to any school academic or disciplinary action or relating to the rules, regulations, procedures or programs covered in this handbook may only be challenged or appealed within the hierarchy of the school, subject to the limitations contained in this handbook. This includes any decision relating to a student’s enrollment at the school or termination of that enrollment.

While any student and his or her parents or guardians are of course free to consult with legal counsel regarding any school decision taken with respect to a student, the school emphasizes that students and parents or guardians are not permitted to have legal counsel present during any meetings with school administrators. School administrators are not obligated to meet with legal counsel at any time.

There are several grounds for disciplinary action or expulsion set forth in the “Discipline Codes” section of this handbook. It should be noted, however, that any listing of prohibited conduct is set forth by way of example only and to provide guidance to the student and his or her parents or guardians. It is not meant to be an exhaustive listing of improper conduct or resultant disciplinary action.
We have received a copy of the school handbook and have read it.

New York State Immunization Requirements
for School Entrance/Attendance

NOTES:
Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades pre-k through 11, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grade 12 except for interval between measles vaccine doses. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule.

[1] IPV: Inactivated Poliovirus Vaccine; OPV: Oral Poliovirus Vaccine
[2] Diphtheria and Tetanus toxoid-containing vaccine and Pertussis vaccine booster (Tdap) is given at 4 years of age.
[3] Measles, Mumps and Rubella vaccine: 1 dose at 12 months or older, 2 doses at 4-6 years or older.
[4] Hepatitis B vaccine: 3 doses, with the third dose at 12-15 months or older.
[5] Varicella vaccine: 2 doses, with the second dose at 4-6 years or older.
[6] Meningococcal conjugate vaccine: 1 dose at 11-12 years or older, booster dose at 16 years or older.
[7] Haemophilus influenzae type b conjugate vaccine: 3 doses at 2, 4, and 6 months or older.
[8] Pneumococcal Conjugate vaccine: 1 to 4 doses at 2, 4, 6, and 12-15 months or older.
1. Demonstrated serologic evidence of measles, mumps, rubella, hepatitis B, varicella or polo (or all three serologic) antibodies is acceptable proof of immunity to these diseases. Diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.

2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks)
   a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday.
   b. If the fourth dose of DTaP was administered at 4 years or older, the fifth (boostor) dose of DTaP vaccine is not required.
   c. For children born before 1/1/2005, only immunity to diphtheria is required and doses of DT and Td can meet this requirement.
   d. Children 7 years and older who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td vaccine. If the first dose was received before their first birthday, then 4 doses are required, as long as the final dose was received at 4 years or older; if the first dose was received on or after their first birthday, then 3 doses are required, as long as the final dose was received at 4 years or older. A Tdap vaccine for incorrectly administered DTaP vaccine received at 7 years or older will meet the 7th-grade Tdap requirement.

3. Tdap and diphtheria toxoids and acellular pertussis (Tdap) vaccine. (Minimum age: 7 years)
   a. Students 11 years or older entering grades 6 through 12 are required to have one dose of Tdap. A dose received at 7 years or older will meet this requirement.
   b. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years old.

4. Inactivated polio vaccine (IPV) or oral polio vaccine (OPV). (Minimum age: 6 weeks)
   a. Children starting the series on time should receive a series of IPV at 2 months, 4 months, 6 months, and at 15 through 18 months, and at 4 years or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
   b. For students who received their fourth dose before age 4 and prior to August 7, 2015, 4 doses separated by at least 4 weeks is sufficient.
   c. If the third dose of polio vaccine was received at 4 years or older and at least 6 months after the previous dose, the fourth dose of polio vaccine is not required.
   d. Intervals between the doses of polio vaccine do not need to be reviewed for grade 6 in the 2019-2020 school year.
   e. If both OPV and IPV were administered as part of a series, the total number of doses and intervals between doses is the same as that recommended for the U.S. IPV schedule. If only OPV was administered, and all doses were given before age 4 years, 1 dose of IPV should be given at 4 years or older and at least 6 months after the last OPV dose.

5. Measles, mumps, and rubella (MMR) vaccine. (Minimum age: 12 months)
   a. The first dose of MMR vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
   b. Measles: One dose is required for prekindergarten. Two doses are required for grades kindergarten through 12.
   c. Mumps: One dose is required for prekindergarten and grade 12. Two doses are required for grades kindergarten through 11.
   d. Rubella: At least one dose is required for all grades (prekindergarten through 12).

6. Hepatitis B vaccine
   a. Doses may be given at birth or anytime thereafter. Dose 2 must be given at least 4 weeks (28 days) after dose 1. Dose 3 must be at least 8 weeks after dose 2 and no later than 16 weeks after dose 1.
   b. Two doses of adult hepatitis B vaccine (Recombivax) received at least 4 months apart at age 11 through 16 years will meet the requirement.

7. Varicella (chickenpox) vaccine. (Minimum age: 12 months)
   a. The first dose of varicella vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
   b. For children younger than 13 years, the recommended minimum interval between doses is 3 months. If the second dose was administered at least 4 weeks after the first dose, it can be accepted as valid; for persons 13 years and older, the minimum interval between doses is 4 weeks.

8. Meningococcal conjugate ACWY vaccine. (Minimum age: 6 weeks)
   a. One dose of meningococcal conjugate vaccine (Menactra or Menvea) is required for students entering grades 7, 8, 9, and 10.
   b. For students in grade 12, if the first dose of meningococcal conjugate vaccine was received at 16 years or older, the second booster dose is not required.
   c. The second dose must have been received at 16 years or older. The minimum interval between doses is 8 weeks.

9. Haemophilus influenzae type b (Hib) conjugate vaccine. (Minimum age: 6 weeks)
   a. Children starting the series on time should receive Hib vaccine at 2 months, 4 months, 6 months, and at 15 through 16 months. Children older than 15 months must get caught up according to the ACIP catch-up schedule. The final dose must be received on or after 12 months.
   b. 2 doses of vaccine were received before age 12 months, only 2 doses are required with dose 3 at 12 through 15 months and at least 8 weeks after dose 2.
   c. If dose 1 was received at age 12 through 14 months, only 2 doses are required with dose 2 at least 8 weeks after dose 1.
   d. If dose 1 was received at 15 months or older, only 1 dose is required.
   e. Hib vaccine is not required for children 5 years or older.

10. Pneumococcal conjugate vaccine (PCV). (Minimum age: 6 weeks)
    a. Children starting the series on time should receive PCV vaccine at 2 months, 4 months, 6 months, and at 12 through 15 months. Children older than 15 months must get caught up according to the ACIP catch-up schedule. The final dose must be received on or after 12 months.
    b. Unvaccinated children age 7 through 11 months of age are required to receive 2 doses, at least 4 weeks apart, followed by a third dose at 12 through 15 months.
    c. Unvaccinated children age 12 through 23 months are required to receive 2 doses of vaccine at least 8 weeks apart.
    d. If one dose of vaccine was received at 24 months or older, no further doses are required.

Requisitos de vacunación del estado de Nueva York para poder inscribirse y asistir a la escuela

**NOTAS:**
Los niños que se encuentran en prekindergarten deben contar con las vacunas apropiadas para su edad. La cantidad de dosis dependerá del calendario recomendado por el Advisory Committee on Immunization Practices (Comité Asesor de Prácticas de Vacunación, ACIP).

Para los alumnos desde prekindergarten hasta el 11.° grado, los intervalos entre las dosis de vacunas deben corresponderse con el calendario de vacunación recomendado por el ACIP para personas de 0 a 18 años de edad. Las dosis recibidas antes de la edad mínima o antes de cumplidos los intervalos mínimos no son válidas y no cuentan para la cantidad de dosis que se enumeran a continuación. NO es necesario que se revisen los intervalos entre dosis de vacunas para alumnos del 12.° grado, excepto para el intervalo entre dosis de la vacuna contra el sarampión.

Consulte las notas al pie de página para obtener información específica sobre cada vacuna. Los niños que se inscriben en clases sin un grado definido deben cumplir con los requisitos de vacunación de los grados en los que podrían estar según su edad.

Los requisitos de dosis DEBEN learse con las notas al pie de página de este calendario.

Dear parent/guardian,

New York City has updated the school immunization requirements for the 2019-2020 school year. A list of the new school immunization requirements for 2019-2020 is included with this letter. Before the school year begins, you must submit proof of immunization for your children if they are attending child care or school.

All students in child care through grade 12 must meet the requirements for:
- The DTwP (diphtheria-tetanus-pertussis), poliovirus, MMR (measles-mumps-rubella), varicella and hepatitis B vaccines.

Children under age 5 who are enrolled in child care and pre-kindergarten (pre-K) must also meet the requirements for:
- The Hib (Haemophilus influenza type b) and PCV (pneumococcal conjugate) vaccines.
- The influenza (flu) vaccine
  - Children must receive the flu vaccine by December 31, 2019 (ideally, when it becomes available in early fall).

Children in grades 6 through 12 must also meet the requirements for:
- The Tdap booster and MenACWY (meningococcal conjugate) vaccines.

Please review your child’s immunization history with your child’s health care provider. Their provider can tell you whether additional doses of one or more vaccines are required for your child to attend child care or school this year.

If you have questions about these requirements, please contact your child care center or school’s administrative office.

Sincerely,

Cheryl Lawrence, MD, FAAP
Medical Director

NYC Department of Health & Mental Hygiene
Department of Education
Statement on Legislation Removing Non-Medical Exemption from School Vaccination Requirements

On June 13, 2019, Governor Andrew M. Cuomo signed legislation removing non-medical exemptions from school vaccination requirements for children. The United States is currently experiencing the worst outbreak of measles in more than 25 years, with outbreaks in pockets of New York primarily driving the crisis. As a result of non-medical vaccination exemptions, many communities across New York have unacceptably low rates of vaccination, and those unvaccinated children can often attend school where they may spread the disease to other unvaccinated students, some of whom cannot receive vaccines due to medical conditions. This new law will help protect the public amid this ongoing outbreak.

What did the new law do?

As of June 13, 2019, there is no longer a religious exemption to the requirement that children be vaccinated against measles and other diseases to attend either:

- public, private or parochial school (for students in pre-kindergarten through 12th grade), or
- child day care settings.

For those children who had a religious exemption to vaccination, what are the deadlines for being vaccinated?

Children who are attending child day care or public, private or parochial school, and who had a religious exemption to required immunizations, must now receive the first age-appropriate dose in each immunization series by June 28, 2019 to attend or remain in school or child day care. Also, by July 14, 2019 parents and guardians of such children must show that they have made appointments for all required follow-up doses. The deadlines for follow-up doses depend on the vaccine. The New York State Department of Health follows the Centers for Disease Control and Prevention’s Advisory Committee on Immunization Practices catch-up immunization schedule and expects children to receive required doses consistent with Table 2 at the following link in order to continue to attend school or child day care: https://www.cdc.gov/vaccines/schedules/downloads/child/0-18wrc-child-combined-schedule.pdf

What is the deadline for first dose vaccinations if my child is not attending school until September?

Parents and guardians of all children who do not have their required immunizations are encouraged to have them receive the first dose as soon as possible. The deadline for obtaining first dose vaccinations for children attending school in the fall is 14 days from the first day of school. Within 30 days of the first day of school, parents and guardians of such children must show that they have made appointments for all required follow-up doses.

Additional information will be forthcoming.
immunizations that are required to attend school in New York State, and expects children to receive required doses consistent with Table 2 of ACIP’s Recommended Child and Adolescent Immunization Schedule for ages 18 years or younger. (Please note that the guidelines contain all ACIP recommended vaccines, including some that are not currently required for schools and child day care programs in New York State.)

5. Where can I find the Centers for Disease Control and Prevention’s Advisory Committee on Immunization Practices (ACIP) catch-up immunization schedule?

The ACIP catch-up immunization schedule is available at the following link: https://www.cdc.gov/vaccines/schedules/downloads/child/0-18yrs-child-combined-schedule.pdf (Please note that the guidelines contain all ACIP recommended vaccines, including some that are not currently required for schools and child day care programs in NYS.)

6. Are the vaccination requirements, as described in Question 5, required for my child to attend summer schools that are overseen by NYSED and summer child day care programs that are overseen by OCFS?

Yes. This requirement applies to summer school and summer child day care programs.

7. What is the deadline for first dose vaccinations if my child is not attending school until September?

The Department encourages parents and guardians of all children who do not have their required immunizations to receive the first dose in each immunization series as soon as possible. The deadline for obtaining first dose vaccinations in each immunization series for children attending school in the fall is 14 days from the first day of school or enrollment in child day care. Within 30 days of the first day of school, parents and guardians of such children must show that they have scheduled appointments for all required follow-up doses.

8. Does this new legislation apply to my child attending college?

The new legislation did not change the vaccination requirements for college attendance. Students attending college in NYS can still obtain a religious exemption. The Department requires that every student attending college be vaccinated against measles, mumps and rubella (MMR), unless the student has a valid religious or medical exemption.

9. Does this new legislation affect my child’s medical exemption?

No. The new legislation does not affect valid medical exemptions.
10. What is a valid medical exemption?

A valid medical exemption must:

1. Be on a sample medical exemption form issued by the Department
   https://www.health.ny.gov/forms/doh-5077.pdf or the NYC Department of Health and Mental
   Hygiene, or on a signed statement that certifies that the immunization may be detrimental to a
   child’s health;
2. Be signed by a physician licensed to practice medicine in New York State;
3. Contain sufficient information to identify the medical contraindication to a specific
   immunization. The Department recommends that health care practitioners consult the ACIP
   guidelines for contraindications and precautions to childhood vaccinations, available at:
   https://www.cdc.gov/vaccines/hcp/acip-recs/general-recs/contraindications.html. (Please note
   that the guidelines contain all ACIP recommended vaccines, including some that are not
   currently required for schools and child day care programs in New York State); and
4. Be confirmed annually.

11. My child is not being allowed to attend school and/or child day care program based on
    vaccination status. How do I appeal this decision?

Education Law §310(6-a) allows an appeal to the Commissioner of the State Education
Department from persons considering themselves aggrieved by an action taken by “a principal,
teacher, owner or other person in charge of any school in denying a child admission to, or
continued attendance at, such school for lack of proof of required immunizations in accordance
with” Public Health Law §2164. Such appeal may include a request for a “stay” of the school’s
action while the appeal is pending before the Commissioner. Information regarding the appeal
process is available at: http://www.counsel.nysed.gov/appeals/

There is no appeal process for child day care programs. Programs must be in compliance with all
applicable laws.

12. What are the penalties for a school and child day care program if it does not comply?

All public, private and parochial schools are required to comply with the law. The Department
will determine the cause of a school’s violation or noncompliance and, where appropriate, seek
civil penalties from noncompliant schools. NYS OCFS regulates child day care programs and
may sanction programs that do not comply with the law.

13. How does New York State verify vaccination rates at schools and child day care
    programs?

The NYSDOH annually conducts surveys of school and child day care immunization coverage
and exemption rates. Schools and child day care settings are required to participate in the
surveys. Additionally, the NYSDOH audits a sample of schools each year for compliance with PHL
Section 2164 and to verify the rates reported in their survey. If any students out of compliance
with PHL Section 2164 are discovered during the audit, then the NYSDOH will require the
students be excluded from school until they comply with the law. The Department will determine
the cause of a school’s noncompliance and, where appropriate, seek civil penalties from
noncompliant schools. In some counties, the Department has delegated the county health
department with authority to assist in conducting audits of schools to verify compliance.

NYS OCFS reviews vaccination records for compliance.
14. Does the new law apply to students who receive special education services?

Yes, the new law applies to students who receive special education services. However, the new legislation does not affect valid medical exemptions, and the United States Department of Education ("USDE") has issued guidance to assist schools in ensuring that students with disabilities under the federal Individuals with Disabilities Education Act ("IDEA") who are medically unable to receive vaccines due to a disability are not discriminated against on the basis of disability. USDE's Office for Civil Rights' Fact Sheet: Addressing the Risk of Measles in Schools while Protecting the Civil Rights of Students with Disabilities is available at: https://www2.ed.gov/about/offices/list/ocr/docs/ocr-factsheet-measles-201503.pdf.

Questions may be directed to the State Education Department's Office of Special Education, Policy Unit, 518-473-2878, SPECED@nysed.gov or to the appropriate Special Education Quality Assurance Regional Office, SEQA@nysed.gov.

15. My child receives educational services from a public, private or parochial school off school grounds. Do they need to be vaccinated?

If a student is enrolled in the school, regardless of where they receive educational services, they will need to comply with the vaccination requirements for schools.

Version: June 18, 2019 – Document will be reissued with additional questions in the future.

MEDICAL REQUIREMENTS FOR CHILD CARE AND NEW SCHOOL ENTRANTS
(PUBLIC, PRIVATE, PAROCHIAL SCHOOLS AND CHILD CARE CENTERS)

ALL STUDENTS ENTERING A NEW YORK CITY (NYC) SCHOOL OR CHILD CARE FOR THE FIRST TIME
MUST HAVE A COMPLETE PHYSICAL EXAMINATION AND ALL REQUIRED IMMUNIZATIONS

The comprehensive medical examination must be documented on a Child Adolescent Health Examination Form (CH205) and include the following:

<table>
<thead>
<tr>
<th>Examination Item</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Weight</td>
<td>Body Mass Index</td>

<tr>

<tr>

<tr>

<td>Hearing Screening</td>
</tr>
<tr>
<td></td>
<td>Nutritional Evaluation</td>
</tr>
</tbody>
</table>

All students entering NYC public or private schools or child care (including Universal 3-K and Pre-Kindergarten classes) for the first time must submit a report of a physical examination performed within one year of school entry. Because children develop and grow so quickly at these early ages, if this initial examination is performed before the student is age 5 years, a second examination, performed between the child's fifth and sixth birthday, is also required. Filled CH-205 forms that include the student's pre-populated vaccination histories are available in the NYC Citywide Immunization Registry (CIR). A savable version of the pre-populated CH-205 is also available in the CIR and is accessible for use and updates as needed.

### Required Screening for Child Care Only

- **Anemia Screening**: Hematcrict and Hemoglobin
- **Lead Screening, Assessment and Testing**
  - All children under age 6 years must be assessed annually for lead exposure.
  - Blood lead tests are required for children at ages 1 and 2 years AND other children up to age 6 years if they are at risk of exposure OR if no lead test was previously documented.

### IMMUNIZATION REQUIREMENTS 2019–20

The following immunization requirements are mandated by law for all students between the ages of 2 months and 18 years. Children must be excluded from school if they do not meet these requirements. To be considered fully immunized, a child must have an immunization history that includes all of the following vaccines. The child's immunization record should be evaluated according to the grade they are attending this school year.

### PROVISIONAL REQUIREMENTS

New students may enter school or child care provisionally with documentation of at least this initial series of immunizations. Once admitted provisionally, subsequent vaccines must be administered in accordance with the Advisory Committee on Immunization Practices (ACIP) "catch up" schedule for the child to be considered "in process" and remain in school (refer to [http://www.cdc.gov/vaccines/schedules/hcp/imz/catchup.html](http://www.cdc.gov/vaccines/schedules/hcp/imz/catchup.html)). Alternative schedules are not acceptable. Students must complete the entire series to comply with the law. Students who have not been immunized within the provisional period must be issued exclusion letters and excluded from school or child care until they comply with the requirements.

New York State Immunization Requirements for Child Care and School Entrance/Attendance

Notes: For grades Pre-Kindergarten through 11, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for people age 0 through 18 years. Intervals between doses of vaccine DO NOT need to be reviewed for grade 12. Doses received before the minimum age or intervals are not valid and do not count. You MUST reference the footnotes for dose requirements and specific information about each vaccine. Children enrolling in grade-less classes should meet immunization requirements for their age-equivalent grade.

1. Documented serologic evidence of immunity to measles, mumps, rubella, hepatitis B, varicella or polio (for all three serotypes) meets the immunization requirements for these diseases. Diagnosis by a physician, pediatric assistant or nurse practitioner that a child has varicella disease is acceptable proof of immunity to varicella.

2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine (Minimum age: 6 weeks)
   a. Children starting the series on time should receive a five-dose series of DTaP vaccine at ages 2, 4, 6, 16 through 18 months, and age 4 years or older. The fourth dose may be received as early as age 12 months, provided at least six months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least four months after the third dose of DTaP. The fifth dose in the series must be received on or after the fourth birthday.
   b. If the fourth dose of DTaP was administered at age 4 years or older, the fifth (booster) dose of DTaP vaccine is not necessary.
   c. A soft dose of DTaP at least six months after the prior dose may be required if the fifth dose was received prior to the birth birthday.
   d. For children born before January 1, 2001, only immunity to diphtheria is required, and doses of DT and Td can meet this requirement.

3. Polio vaccine (IPV) or oral polio vaccine (OPV) (Minimum age: 6 weeks)
   a. Children starting the series on time should receive IPV at ages 2, 4, 6 through 16 months and age 4 years or older. The first dose in the series must be received on or after the birth birthday; the second dose must be received at least 6 months after the previous dose.
   b. For students who received their fourth dose before age 4 years and prior to August 7, 2010, four doses separated by at least four weeks is sufficient.
   c. If the third dose of polio vaccine was received at age 4 years or older and at least six months after the previous dose, a fourth dose of IPV is not necessary.
   d. A fifth dose of IPV, at least six months after the prior dose, may be required if the fifth dose was administered prior to the third dose.

4. Inactivated poliovirus vaccine (IPV) or oral polio vaccine (OPV) (Minimum age: 6 months)
   a. Children starting the series on time should receive IPV at ages 2, 4, 6 through 16 months and age 4 years or older. The first dose in the series must be received on or after the birth birthday; the second dose must be received at least 6 months after the previous dose, a fourth dose of IPV is not necessary.
   b. If the fourth dose of IPV, at least six months after the prior dose, may be required if the fifth dose was administered prior to the third dose.

5. Meningococcal conjugate vaccine (MenACWY) (Minimum age: 12 months)
   a. The first dose of MenACWY vaccine must have been received or after the first birthday. The second dose must be received at least 6 months after the first dose.
   b. Unvaccinated children who received the second dose before age 13 months, only three doses are required; the third dose is received at age 12 through 15 months and at least eight weeks after the second dose.
   c. The fourth dose was administered before age 15 years, then a third dose is given on or after age 15 years is required.
   d. The minimum interval between doses of MenACWY vaccine is eight weeks.

6. Neisseria meningitidis type b conjugate vaccine (MenB) (Minimum age: 6 months)
   a. Children starting the series on time should receive Hib vaccine at ages 2 months, 4 months, 6 months and 12 through 15 months.
   b. If two doses of Hib vaccine were received before age 12 months, only two doses are required; the third dose is received at age 12 through 15 months and at least eight weeks after the second dose.
   c. If the third dose was received before age 13 years, only two doses are required; the third dose is received at age 12 through 15 months and at least eight weeks after the second dose.
   d. If the fourth dose was received before age 15 years, only one dose is required.
   e. Hib vaccine is not required for children ages 5 years or older.

7. Pneumococcal conjugate vaccine (PCV13) (Minimum age: 6 months)
   a. Children starting the series on time should receive PCV13 vaccine at ages 2 months, 4 months, 6 months and 12 through 15 months.
   b. If two doses of PCV13 vaccine were received before age 12 months, only two doses are required; the third dose is received at age 12 through 15 months and at least eight weeks after the second dose.
   c. If the third dose was received before age 13 years, only two doses are required; the third dose is received at age 12 through 15 months and at least eight weeks after the second dose.
   d. If the fourth dose was received before age 15 years, only one dose is required.
   e. If the fourth dose was received before age 15 years, only one dose is required.
   f. If the fourth dose was received before age 15 years, only one dose is required.
   g. If the fourth dose was received before age 15 years, only one dose is required.
   h. For more information, refer to the PCV13 chart available in the School Survey Instruction Booklet at www.health.ny.gov/environmental/immunization/school/.

11. Influenza Vaccine (Minimum age: 6 months)
   a. All children 6 months through 59 months of age enrolled in New York City Public School (grades K-8) and/or regulated preschool programs (Child Care, Head Start, Nursery, or Pre-K) must receive one dose of influenza vaccine before July 1 and December 31st of each year.

   b. Depending on their prior influenza vaccination history, some children may need two doses of influenza vaccine; however, a second dose is not required for school entry.
