

INTRODUCING A WILD NEW RIDE FOR YOUR SCHOOL AUDIENCES

EARTH, MOON & SUN™

Coyote has a razor-sharp wit, but he's a little confused about what he sees in the sky.

Join this amusing character (adapted from American Indian oral traditions) in a fast-paced and fun full-dome show that explores lunar phases, eclipses and other puzzles.

Engaging and immersive, Earth, Moon & Sun™ also examines how humans learn through space exploration. Audiences age 5-11.

Running time: 26 minutes.

An original production of UNC Morehead Planetarium and Science Center.
