

District 75 Presents...

# **VIRTUAL TRAVEL TRAINING**

With David Abrahams and Michael Lee

This purpose of this workshop is to help foster independence in our students, enable them to participate in the world around us, and equip them with the skills to make safe decisions.

All students, regardless of age and disability, have the right to develop the skills necessary to "Increase Safety and Independence." It is the first step towards the enjoyment of what life has to offer.

**Monday, August 3, 2020**

**10:00 am**
