Dear Parents and Family,

Your child's classroom is using Unique Learning System as the classroom curriculum. The curriculum program has been designed specifically for children with special learning needs. While the foundation of Unique is the academic content standards (reading, writing, math, science, and social studies), the lessons are modified to make sure that all children have a way to participate and learn. There is a strong emphasis on life skills that are embedded in each lesson.

For your students to sign in at home, please follow these steps:

1. Go to www.n2y.com
2. Select the words "Sign In" from under the n2y globe in the upper left hand corner of the screen **(If there is nothing under the n2y globe, please select the three little lines in the upper right hand corner of the screen and select "Sign In")**
3. Select the Student Portal on the right hand side of the screen
4. Type in the student's Username and Text Password into the Student Portal

Unique's approved browsers are the latest versions of Google Chrome, Microsoft Edge, Safari and Mozilla Firefox. Please do not use Internet Explorer at all.

Student: _____

Username: _____

Password: _____

The following resources are also available: Myon.com, STMath.com, & Brainpop.com

Thank you,
