Wednesday, November 18th	3:30-5:30pm	College Readiness Workshop	Virtual
Tuesday, December 1st	3:30-5:30pm	Social Justice Workshop #2 (Inequalities in the criminal Justice system)	Virtual

Topic Descriptions:

❖ **Social Justice Workshops:**

Join Attorney /Educator- Richard Celestin to explore and deepen your understanding of social justice issues. The workshops offer real and honest conversation, reflection and learning on issues that are happening today.

- EDUCATIONAL INEQUITY - NYC has the most segregated school system in the country. These inequities have been showcased during the COVID pandemic, as many students struggled to adapt to the virtual teaching model. This workshop will highlight the existing inequities and the ripple effects this will have on middle to low income communities.
- INEQUALITIES IN THE CRIMINAL JUSTICE SYSTEM - The Criminal Justice System is anything but just. Depending on your financial status and race, justice can look very different for those who have contact with the system. This workshop will highlight the various inequalities that exist in the Criminal Justice System as well as efforts to address those concerns.

❖ **College Readiness:**

This workshop aims to answer questions related to the transition into college life and navigating the different departments important in the enrollment process. The event will conclude with a virtual campus tour of LaGuardia Community College.

All sessions will be held virtually from 3:30pm-5:30pm. A Zoom link will be sent via email prior to the date of the event.
