

Good afternoon PS 24 Family & Friends,

Earlier today, testers from the SOMOS LAB agency came to the school and conducted their first round of random COVID-19 testing. Over the course of the day we had roughly 125 students and staff tested. All persons that were tested were students and staff that handed in their COVID-19 consent form. Not all students and staff that handed in the consent form were tested.

If your child was tested, they were given a letter with explicit instructions on how you can obtain the results of the test. Please refer to the letter for next steps.

I want to thank everyone for making our first monthly random test a success. As always, please do not hesitate to contact me if you have any questions or concerns.

Thank you,
Steven Schwartz
