

6/16/20 SLT Minutes

Administration

- Many updates coming
- Wanted to discuss some prior to the PA meeting
- Budget will be released Monday, June 22, 2020
- Extension for cep goals - July 24, 2020
- Administration will draft and can review in October.
- Next year, there will be instruction both in school and at home
- Many possible models don't seem to work for our community
- Currently allowed a flexible 400 students in the building at one time
- July CEP will be drafted with Administration - We will review in October
- Children with temporary housing, essential workers, children will be there every single day regardless of what model we use at PS 24 (balanced learning)
- Looking to get information from families about what works for you
- Discussion and speculation on what the year *COULD* look like,
- PPE, masks, temp checks, hand sanitizer, will be funded
- New guidance for custodians

What information can the school gather and what information is needed to be able to act on the interest of every single child? What questions could be used?

- Do you want your child to go to school 5 days a week with real social distancing while wearing a face mask or shield all day?
- Would you prefer your child take the blending learning approach with some classes at school with teacher instruction and some lessons at home?
- Do you have more than 1 child in the school?

- Do you have children in more than 1 school?
- Are you willing to send your child to school?
- Do you have the capacity to support your child during home learning?
- Would you be willing to keep your child at home during home learning?
- Is your child currently in temporary housing?
- Are you an essential worker? Law enforcement? Fire? Medical field? Educator? Other?
- Are you required to go back to work full time and you will need your child in school each day:?
- What is your work schedule for next year?
- Respond with days you will need your child to come to school.
- Is there a reason you feel your child should attend school for any particular reason, respond below:

Let's create 6 different versions of google forms for each grade -
