Principal

September, 2016

Dear Liberty Families,

Welcome to the start of a new school year.

There are a number of students in our schools with severe nut allergies. The risk of accidental exposure to foods can be reduced in the school setting if the school works together with our parents and students to minimize risk and provide a safe educational environment for food allergic students.

In addition to providing a “nut-free table” in our cafeterias, we want to do our best to keep all of our classrooms nut-free as well. We are asking your assistance in meeting this important health related goal by ensuring that any snacks brought into the classrooms at Liberty Elementary are nut-free.

In advance, thank you for your cooperation in this matter. If you have any questions, please feel free to call me or our school nurse, Kathleen Fredericks.

Best regards,

Ellen Rechenberger  
Principal
