ALMS 2019- 2020 Supply List

Summer 2019

Dear Families,

We hope everyone is enjoying the summer! We look forward to seeing you in a few weeks. We wanted to send out some specific information for folks eager to get a head start with their school supply shopping, prior to us welcoming our students on September 4th for our student orientation sessions.

To build off our quest to set students up for success, we are suggesting students color code their core academic subjects. Regardless of house placement and grade level, research indicates color-coding is a good strategy to support organization and executive function skill building. If you already have supplies or cannot locate a designated color, we will have a back-up plan to place stickers to match the respective content area. In the event that you are deciding what color to buy outside of the designated colors, we are suggesting black notebooks and folders that we can add the stickers to easily.

ELA - BLUE
MATH - RED
SCIENCE - GREEN
SOCIAL STUDIES - PURPLE
WORLD LANGUAGE – YELLOW

Below are our grade specific lists of supplies for this school year. Students will have time to get their supplies and do not need them during the first week of school. In addition, if there are any families having trouble, we ask you to please contact your school counselor so we can work together to assist:

Grade SIX General Supplies

- 1 ALMS agenda book
- 2 combination master locks (gym and hall locker)
- Locker Ladder (suggested & sold at school if needed)
- 1 pack of looseleaf paper
- 1 Scientific Calculator - TI 30 XIIS
