

A message from Shuang Wen Teachers

Class 701

Class 702

Class 703

Dear Parents and Shuang Wen School Families:

The end of year is almost upon us, and the seventh graders are still going strong! In science, students are learning about cells, tissues, and organ systems of the human body. In social studies, students are studying the Constitution and the Bill of Rights. In

Chinese, students are working with an online storybook program to practice dialogue in Mr. Tao's class, or completing biography projects in groups with Ms. Sandra. In Math class students are currently devoting time to discrete math; all the seventh graders are working on equations. In art class, students are working on sculpture and painting, with some seventh graders preparing for a gallery exhibit! In ELA, students just finished reading “Of Mice and Men”, and are writing literary essays on the role of dreams in Steinbeck's novel, and in their own lives. Field trips coming up in June for seventh graders include the Whitney Museum, Central Park, and a literary scavenger hunt at the New York Public Library! We're all very proud of how far our students have come this year.

7th Grade Team Ms.Kimberly Callaway, Ms.Treena Thibodeau, Ms. Lorna Levine, Ms. Tamara Stovall, Ms.Karen Laurent, Ms. Sandra Chia, Mr. Andy Tao
