

A message from Shuang Wen Teachers

Class PreK 001

Class PreK 002

Dear Parents and Shuang Wen School Families:

Happy Fall and October 2016! The new school year is off to a wonderful start. School is in full swing and students are adapting quickly to their routines and adjusting nicely. Many fun activities are already planned for October and we are planning more for the rest of the school year. Our Pre-K curriculum focuses on the whole child by providing opportunities for social, emotional, and cognitive development. Our classrooms encourage interactions to promote the child’s expressive language, creativity, problem-solving, and cognitive skills. By participating in small and large group activities and following directions children develop in many different areas. Through play, children learn about themselves, their environment, people and the world around them.

The Benefits of Play

Social Benefits:

- Notice similarities and differences between self and others
- See viewpoints other than their own
- Listen and talk with peers

Emotional Benefits:

- Experience rich emotional life
- Grapple with fears
- Read facial expressions and body language
- Explore various emotional responses

Cognitive Benefits:

- Generate ideas and collaborate with others
- Persist in a difficult task

Physical Benefits:

- Develop self-help skills
- Strengthen muscles
- Practice challenging themselves
- Make discoveries

The Pre-K Team--Ms. Lisa and Ms. Cecilia
