**Dear Parent/Guardian:**

**The school-based health center** (Clinic) in your child’s school is honored to have the privilege to serve your child. We have heard from some parents that there is information circulating on the radio about school based health centers and we want to be sure you have the correct information. **Enrolling in the clinic does not change who your regular doctor is.** You may keep your regular doctor as well as receive care in the clinic. Insurance companies and Medicaid allow you to use both services. When you enroll your child in the school based health center, you give us permission to provide medical and mental health treatment. This includes treatment of illnesses, physical exams, immunizations, and mental health counseling. For these services your child must be enrolled in the clinic.

**EXAMINATION SCHEDULE: JANUARY 2018**

*Students must verify with their schools the exact times that they are to report for their State examinations.*
