# HOSTOS LINCOLN ACADEMY OF SCIENCE AT A GLANCE

- Hostos Lincoln Academy of Science (HLAS) is an early college secondary school, located at 600 St. Ann's Avenue and Hostos Community College. This partnership between the college and the high school is the oldest in the City of New York, over 25 years!
- Originally, the "flagship school" of Alternative Superintendency; cited in 2002 as a National Blue Ribbon School of Excellence, HLAS was born of a collaboration between the Department of Education, Hostos Community College and Lincoln Hospital. A magnet school for young people interested in medical careers, Hostos Lincoln graduated hundreds of students who were state certified in its Medical Assisting Program.
- In 2003, the mission of the school was changed and New York City's first Early College Secondary School was created. In September of 2004, we added our first class of 6th graders destined to earn an Associate's Degree in Liberal Arts and in June 2011, 32 Hostos Lincoln Academy graduates, most of whom were part of that original sixth grade class, earned Associate Degrees from Hostos Community College, the first such group in New York State history. Since then, over 120 students (approximately a third of each Senior Class for the last five years) have graduated Hostos with both an Associate Degree in Liberal Arts and Regents diplomas.
- We currently have 550 students in grades 6-12, all of whom have the opportunity to gain college credit by the time they graduate. Our graduates have earned POSSE, Gates Millennium, Coca Cola and Seinfeld/PENCIL Scholarships. We are a small school with big dreams for your children: that college is a right, responsibility and a reality for each and every one of our graduates.

## Jupiter grades Orientation

### Monday September 17 and Wednesday September 26

Time will be announce

### Jupiter Grades:

Jupiter is a great tool to get up to date information about what assignments your child is working on. Parents can login to check grades and homework. Parents can set alerts for low grades, missing assignments, and absences. By improving school-to-home communications, Jupiter helps your school and your students succeed.

#### To subscribe

Visit: [jupitergrades.com](http://jupitergrades.com)

Login: student name and last name

Password: request from Parent Coordinator Mrs. Rodriguez.

### Júpiter Grades:

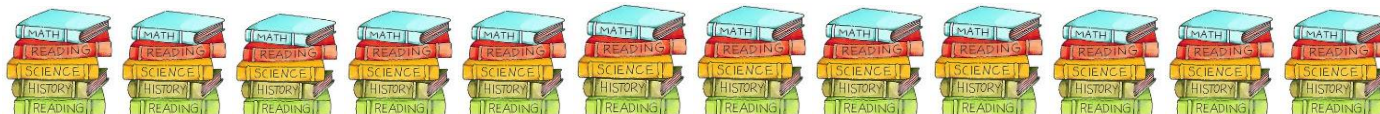

Júpiter es una gran herramienta para obtener información actualizada sobre qué tareas está trabajando su hijo. Los padres de familia pueden consultar calificaciones y tareas. Júpiter grades mejora la comunicación entre la escuela y la casa, y ayuda a que su escuela y sus estudiantes tengan éxito.

#### Para suscribirse

Visita: [jupitergrades.com](http://jupitergrades.com)

Login: nombre del estudiante

Contraseña: solicítela con la Coordinadora Sra. Rodriguez.

# School Based Health Center at Hostos

The MHHC School Based Health Center is a partnership with a variety of schools in the community to improve the well-being of children and families by providing onsite access to healthcare, including mental health and health education services. Currently, the program operates in twenty schools in the Bronx serving over 10,000 children from kindergarten to the 12th grade. In addition to onsite healthcare, the MHHC health team educates parents about obtaining health insurance for their children and the entire family.

## Tendremos una Clínicas escolar en Hostos

El centro de salud. Se trata de una asociación con varias escuelas de la comunidad para mejorar el bienestar de niños y familias proporcionando servicios médicos en el lugar, incluso servicios de salud mental y servicios informativos sobre la salud. Actualmente, el programa opera en diez escuelas en el Bronx prestando servicios a más de 10,000 niños desde jardín de infantes al grado 12. Además de atención médica en el lugar, el equipo de salud de MHHC informa a los padres sobre cómo obtener cobertura médica para sus hijos y toda la familia.

Services:

1. Physical Health Exams
2. Counseling Services
3. Obesity and weight management
4. Routine care of asthma and diabetes
5. Immunizations and flu shots
6. First aid
7. Health Education and promotion
8. Vision, hearing and dental screening
