For questions or concerns please feel free to contact me at 718-402-5640 ext 3212

Dear Families;

At parent/teachers conferences teachers will be ready to share your child's grades and attendance with you as well as offer you information about your child's behavior in class, the topics and assignments that are being studied, and the goals for success that they have in mind for your child. I want to encourage you to come ready to ask lots of questions and work together with your child's teachers to create the best plan for meeting your child's needs and creating success in your child's education.

Please decide whether the afternoon or the evening works best for you and come meet your child's teachers.

Parent/Teacher Conference
