The DiMenna Children's History Museum at New-York Historical presents 350 years of New York and American history through character-based pavilions, interactive exhibits, digital games, and the Barbara K. Lipman Children's History Library. The Museum encourages families to explore together its permanent exhibitions and to engage in a wide range of family learning programs for toddlers through preteens. Your support helps New-York Historical offer education programs to more than 200,000 New York City families and students every year, and to care for and make accessible a priceless collection.
