Let’s begin to reflect on our essential question. Start by completing your communication question survey now!
When we communicate, do we all understand the same thing?

Students should partner up--class should be divided into two. If possible Spanish and Italian students should not be together.

Skits

(one student is English speaker)

You are meeting friends and they only speak Italian or Spanish.

The Italian/Spanish students use the language sheet to converse with the English speaking student.
**Discussion Questions**

1. What does it feel like to not understand what is said to you?

2. Why do you think it is important to learn a second language?

3. What advantages do you think knowing languages other than English can do for your future?
