## Suggested Questions For Process Journals

**Each Process Journal must have a question connected to it demonstrating the focus of the entry.**

**Was the survival guide helpful?**

**Are you overwhelmed from the information shared? If so, what can we do to help that? If not, how was it helpful?**

**Was the campus walk helpful?**

**What did you learn from the campus walk about the school's needs?**

**What did you learn from the Good Idea, Bad Idea lesson?**

**What makes a good project?**

**What does not make a good project?**

**What did you identify as your project? (What ideas do you have for your project?)**

**What would you like to do for the community to help it?**

**Was there a project from last year's presentations that stood out to you? If so, what did you like about it? (How could you create your own project building on this idea?)**

**Was the survival guide helpful or not?**

**Choose a global context and state how it relates back to your topic.**

# Campus Walk

- No talking - follow fire drill behavior expectations.
- We will walk as a group to survey the campus.
- Carefully observe the surroundings and take notes on your clipboard:
  - What do you see?
  - What could be improved/enhanced?
  - What would you change?
