

## Fairy Tale in a Bag Project

Dear Families,

We will study elements of fairy tales when we return in September. To go along with the unit, we are asking students to complete a paper bag project.

**The project is due September 5, 2019.**

### Directions:

1. **Read:** Choose one of the following fairy tales to read: **The Fisherman and His Wife, The Emperor's New Clothes, Beauty and the Beast, Cinderella, or Jack and the Beanstalk.** (You can choose any version of these tales.)  
\*if you are in the DL program, please read one fairy tale in Polish, next complete the story element cards in Polish.
2. **Create: Write the title of the story on the front of the bag.**  
**Write your name on the label on the front of your bag.**
3. Use markers, crayons, pictures, or any other art supplies to decorate your bag. You can illustrate/create the main character or your favorite scene. Do not use the bag upside down. We need it to hold the 8 cards.
4. Fill the bag with **at least 3** pictures or items that go along with the fairy tale you have chosen. For example, if you chose Goldilocks and the Three Bears, you might include a spoon, a bowl, and some yellow yarn (for Goldilocks' hair).
5. Complete the 7 cards. Then cut them out and put them in your bag. You can color or decorate them. Each card is labeled with a fairy tale element. If the element does not fit your story leave it blank.
6. **Presentation:** Be ready to describe the fairytale and retell the fairytale to the class using the 7 cards.
