LOUISIANA EARLY CHILDHOOD FAMILY SURVEY

Thank you for participating in the Louisiana Early Childhood Family Survey! The Louisiana Department of Education, Louisiana Association of United Ways, and the United Way of Southeast Louisiana are partnering to conduct this statewide survey.

This voluntary survey should take about **10 minutes** to complete. Your responses will be very important as we seek to improve access to high-quality early learning opportunities throughout Louisiana. The information collected from the survey will be used to understand and report family satisfaction with enrollment and quality of early childhood programs within a community. This means that responses will not be linked to individual teachers, children, or families, or reported at the program level.

We will not share the information you provide to us with your child's early childhood program. Your responses will never be shared with your child's teacher or anyone else in a way where your responses could be linked back to you or your child.

Instructions for returning the survey:

Please turn in the survey by visiting the link below.
