

LIVE ZOOM - Specials Schedule

We are pleased to let you know that your specials teachers will be offering more LIVE instruction moving forward. This is in addition to the great work going on in their Google Classrooms each day. The process is simple. At 2:30 p.m. you simply go to that special class's Google Classroom. If you have not yet joined their Google Classroom please do so. I had sent out an email about this weeks ago but of course completely UNDERSTAND with all you have been through these weeks so I have attached it again just in case so you can join. The ZOOM invitation will be there on the day in the special subject google classroom page.

The schedule is as follows....

THE TIME WILL BE 2:30 P.M. Again this is the LIVE instruction schedule of the teachers. You can continue to access work in the specials subject Google Classrooms each day. Mr. Yankou, Ms. Brega, Mr. Cirafici, Ms. Zwiebel and Ms. Kupris look forward to seeing you.
