

**March 13th**

**It is a day for all juniors and seniors to visit classrooms that have presenters from various careers.**

**We ask each presenter to explain their career, their educational experience; insights into what employers are looking for, the path you took to attain your current position, long term viability, changes in the field, your suggestions and recommendations to students interested in pursuing a career in your field, and other advice and experiences you believe are relevant. We have 2-3 sessions of 45 minutes each beginning at 10 or so. I can send more details as we get closer and solidify the times.**

**If you are willing or know of someone that would like to participate in our career day please let me know.**

**I have not yet secured the definite careers the students are interested in visiting but the ones that usually are the most popular are:**

**Doctor, Physicians Assistant, Lawyer, Architect, Technology, Business, Marketing, Advertising, Dentist, Engineer, Nurse, Pharmacist to name of few.**

**So please let me know as soon as you can if you would be interested in presenting to our students.**
