3rd – 5th Grade Art Activity
T-Shirt Design

Created by Ms. Marini,
William B. Ward Elementary School
This is your chance to get creative and design a t-shirt! It could have a logo, a positive message, or just a picture on it. Make it unique and special like something you would actually wear. Try your best on this art project!
At the beginning of the year, we learned how to create lettering when we made our names on our Art Portfolios. Use your knowledge of different styles of lettering and designs to create your own t-shirt design, phrase, or logo that is meaningful for you. Remember, start with pencil and draw lightly so that you can erase if you need to.
First, draw the "template" for a t-shirt.

1. Curvy line
2. Longer, curvy line that goes downward
3. Little rectangle
4. Vertical lines
5. Connect the vertical lines.

(Design: Unicorn with "Be You" text)
Then, design inside your t-shirt.

You can design anything you like about a favorite pet, hobby, activity, saying, a positive message, etc.
You're at the last step! Now, color in your creation with anything you have in your house.

You can trace your design with a dark marker or colored pencil. Then, color it in!
