

March 9, 2020

Dear Fourth Grade Families,

The fourth grade is taking preemptive measures in the event our school is closed. The students will go home with ELA and Math work that is a review practice.

We are also encouraging our students to utilize all our online interactive resources such as Dreambox, Raz Kidz, IXL and others.

Since we are unsure of the timeline of closures, if any at all, we are taking the time to send home meaningful work to keep their skills up and engaged in their learning.

Please use your discretion to have students do the activities each day.

Thank you,

The Fourth Grade Teachers
