

3/19/20

Dear Dual Language Families,

We trust you and your loved ones are in good health physically, mentally, and spiritually.

We appreciate your patience, support, and dedication in your collaboration with us in your child's continued education. We share the following to help you in planning your day and activities. We will again review with you different resources available to the students. Please do not hesitate to reach out via Google Classroom or email ([jhenry@nredlearn.org](mailto:jhenry@nredlearn.org), [eponce@nredlearn.org](mailto:eponce@nredlearn.org)). This is an opportunity for your child to learn through experience: measuring through cooking, arrays by arranging/organizing their drawers, closet, or kitchen cupboard; going outside noticing geometry through nature and surroundings. May we all get through this unprecedented time with loving kindness.

**Each day try to incorporate approximately :**

**1 hour of Reading activities (English/Spanish)**

**45 minutes of Writing**

**1 hour of Math**

**30 minutes of Science or Social Studies**

**35 minutes of a CAMPEL activity**

**ELA for the week**

- **Reading**
  - use notes/anchor charts
  - graphic organizer
- **Writing**
  - topic
  - notes
  - graphic organizer

**Online Resources:**

**Google Classroom**

- Look for posted assignments and updates

**Dreambox**

**IXL** - work on multiplication, division, word problems, and fractions

**RAZ Kids:** English and Spanish ... enjoy your reading! Remember your Spanish is at a lower level than English.

**Scholastic News:**

Sn3.scholastic.com

Classroom password: **lookthing2**

**Read articles in both English and Spanish.**

**Math Suggestions:**

**Close to 100 card game: Instructions, score sheet and digit cards in link below**
